GAZETTE OF INDIA.

NOTICE.

The 17th March, 1903.

From the 4th April next till further notice, Parts I, IV, V, and VI of the *Gazette of India* and the Weather and Crop Report will be published at Simla. After the 28th March all Notifications and other matter intended for publication in those Parts should be addressed to the Officiating Publisher at Simla.

Attention is invited to the following Circular Memorandum of the Government of India, Home Department, of August, 1901 :—

"It has been brought to the notice of this Department that matter for the *Gazette of India* is sometimes sent to the Press late on Friday evenings for publication in the next day's Gazette, and that this involves considerable inconvenience to the Press and expense to Government. In the Circular Memorandum of this Department, No. 777—79, dated 9th February, 1870, the Government of India directed that all Notifications or other matter intended for insertion in the *Gazette of India* should be delivered at the Press not later than 2 P.M. on Friday, and that any papers sent thereafter must be certified to be extremely urgent in order to ensure their appearance in the next day's Gazette. The undersigned is directed to request that these orders may be more strictly observed in future, and that Departments will refrain from sending to the Press as extremely urgent any papers which can without harm or inconvenience be held over for the next Gazette."

J. P. HEWETT,

Secretary to the Government of India.

NOTICES.

All communications relating to Act V (the Inventions and Designs Act) of 1888 should be addressed to the "Secretary to the Government of India, Department of Revenue and Agriculture (PATENTS BRANCH), CALCUTTA."

The Office of the Secretary under the Inventions and Designs Act, 1888, will in future be open for the transaction of business from 11 A.M. to 3 P.M. on all days, except Sundays and gazetted holidays.

The Government of India are advised that, as trade marks are not "designs" within the meaning of the Act, they cannot be registered under Part II.

The fees payable under the fourth and sixth schedules are now collected in cash, and applicants are warned that they must be responsible for any delay in cashing cheques.

Cheques and money orders will only be accepted if made payable at Calcutta to the Secretary under the Inventions and Designs Act.

Copies of the weekly notifications, and of the quarterly lists, of applications and specifications filed in the Secretary's office are now on sale to the public at one anna and eight annas a copy respectively.

CIVIL ENGINEERING COLLEGE, SIBPUR.
Agricultural Department.

HIGHER AGRICULTURAL CLASS.

SESSION, 1903-1904.

RULES FOR ADMISSION.

For admission to the Higher Agricultural Class, an applicant must have one of the following qualifications:—

- (i) He must have passed the F.E. examination of the Calcutta University, and be under 23 years of age, but no student will be allowed to join the Agriculture class after the expiration of five years from admission into the Engineering College.
- (ii) He must have passed the B.A. examination of the Calcutta University by the B course, or possess other sufficient educational qualifications, be under 23 years of age, and, in addition, have received a nomination from the Bengal Government.
- (iii) He must have had a general education qualifying him to follow the instruction in the Higher Agricultural Class, and must also receive a nomination from Government for admission as a special student. To be eligible for a nomination under this rule, a candidate must either have landed property of his own, or be recommended by some influential landholder who desires to train him to take part in the management of his estate, or he must otherwise satisfy Government that he intends to make practical use of his agricultural training. Students entering under this rule will be termed Special Agricultural Students. They will not be subject to any maximum limit of age, but will not be entitled to the privileges conferred on passed students under rules 12 and 13, even though they should obtain fully-signed diplomas in due course after passing the necessary examinations.

Every candidate for admission to this Department must apply in writing to the Principal not later than the 14th July. The form of application for a nomination, which must be addressed to the Principal, is given in Appendix B. In the event of the form not being properly filled up, and accompanied by the necessary certificates, no notice will be taken of the application.

The number to be nominated each year will depend on the accommodation available.

Every applicant, not already a student of the College, must undergo a medical examination by the College Surgeon before admission to this Department. If this officer's report is unsatisfactory, the applicant will not be admitted.

The sessions begins on the first Monday in November. All students are required to join the College on that day. Any student prevented by sickness from attending on the opening day must produce a certificate to that effect from a Civil or Assistant Surgeon, failing which he will be liable to a fine not exceeding Rs. 10. No student will be admitted or re-admitted to the College after the month of November, except by special orders of the Director of Public Instruction. This permission will only be given under exceptional circumstances.

COURSE OF INSTRUCTION.

The course of instruction in the Higher Agricultural Class will extend over two academic years.

SCHOLARSHIPS.

Senior scholarships awarded in the Engineer Department are tenable in the Agricultural Department.

One graduate scholarship of Rs. 30 a month, tenable for one year, will be awarded on the result of the examination held at the end of the first academic year.

APPOINTMENTS.

Two appointments annually are assigned to students holding a fully-signed diploma: one in the Provincial Executive Service and one in the Subordinate Executive Service. The right of selection for these appointments will rest with Government, and the students who gained the highest marks at the examination for diplomas will not necessarily be selected.

Other holders of fully-signed agricultural diplomas, who wish to compete at the examination for admission to the Provincial, Subordinate Executive, and Opium Services, may submit their names through the Principal to Government for nominations. These applications for nominations will be considered, provided the applicants appear to His Honour the Lieutenant-Governor to be otherwise suitable for admission to these services.

ENTRANCE AND TUITION FEES.

Each student in the Higher Agricultural Department will be required to pay an admission fee of Rs 10.

F.E.'s who elect to join the Agricultural Department immediately after passing the F.E. examination are exempted from the payment of this fee, as their names are already borne on the College books.

For the present no tuition fees will be charged to students in the Agricultural Department, except in the case of those joining as special students under rule 3 (*iii*). The tuition fees for these students will be Rs 8 a month.

Further particulars may be obtained free on application to the Principal.

LEGISLATIVE DEPARTMENT.

NOTIFICATION.

Simla, the 2nd July, 1903.

No. 14.—Whereas the Calcutta Chamber of Commerce has, in accordance with the Regulations published with the notification of the Government of India in the Legislative Department, No. 19, dated the 23rd June, 1893, and amended by Notification No. 33, dated the 23rd December, 1902, recommended Mr. E. Cable, President of the said Chamber, for nomination as an Additional Member of the Council of the Governor General for the purpose of making Laws and Regulations;

In exercise of the power conferred by section 10 of the Indian Councils Act, 1861 (24 and 25 Vict., c. 67), and section 1 of the Indian Councils Act, 1892 (55 and 56 Vict., c. 14), the Governor General is pleased to nominate the said Mr. E. Cable to be an Additional Member of the said Council of the Governor General.

J. M. MACPHERSON,
Secretary to the Government of India.

HOME DEPARTMENT.

NOTIFICATIONS.

PUBLIC.

Simla, the 2nd July, 1903.

No. 2528.—The Governor General in Council, with the previous sanction of His Majesty's Secretary of State for India, is pleased to direct that in the Notification of the Government of India in the Home Department, No. 1324, dated the 2nd May 1902, for the words "Order of Merit" the words "Indian Order of Merit," and for the rules published therewith the following rules shall be substituted:

Rules for admission to the Civil Division of the Indian Order of Merit.

1. The "Indian Order of Merit" (Civil Division) consists of three classes, and is conferred on Natives of India, whether servants of Government or not, as a reward for personal bravery shown in aid or support of the public authority or safety. The insignia are, for the first class, gold; for the second, silver with a gold wreath; and for the third, silver only; to be worn on the left breast, pendant from a dark-red ribbon with blue edges.

2. Admission to the third class is obtained by any conspicuous act of individual gallantry; admission to the second class can be obtained only by members of the third class, and for a similar act of gallantry; and, in like manner, the Order of the first class is conferred only on members of the second class. In recommending persons for admission to the Order, the act of gallantry must be particularly specified, and the statements of eye-witnesses to the deed must be attached. It is of the highest importance, in view to maintaining the value and prestige of the Order, that the greatest discretion shall be used in submitting recommendations; as it is very desirable that the distinction should only be granted for conduct which can clearly be defined as an act of conspicuous gallantry.

3. Admission to each class of the Order rests with the Government of India alone; and, when the act of gallantry has taken place in India, recommendations for the reward will be forwarded for submission to the Government of India, in the case of civilians through the District Officers to the Local Government, and in the case of native officers and soldiers through the usual military channels.

4. A record in each case of the particular act of gallantry for which the Order has been conferred is kept in the office of the Secretary to the Government of India in the Home Department; and a certificate signed by him, declaring the grant of the Order, will be given to each individual on his admission to, or advancement in, it.

5. District Officers are required to report immediately to the Local Government, for communication to the Government of India in the Home Department, any casualty by death amongst individuals admitted to the Order which may occur previous to the receipt of the decoration.

6. The following are the rules for the disposal of the insignia of the Civil Division of the "Indian Order of Merit" on the decease or promotion of members:

In cases of advancement to a superior class of the Civil Division of the "Indian Order of Merit," the inferior badge is to be forwarded, through the prescribed channel, to the Secretary to the Government of India in the Home Department, Calcutta. The insignia of the Order are, however, allowed to remain in the possession of the family of a deceased member.

7. Whenever a servant of the Government, being a member of the Order, is dismissed the service, and whenever any member of the Order is convicted of any such offence, or subjected by a Criminal Court to any such order, as implies, in the opinion of the Local Government, a defect of character which unfits him to be a member of the Order, a full report of the circumstances shall be transmitted to the Government of India in the Home Department, together with an expression of the Local Government's opinion; and it shall, thereupon, be open to the Government of India to direct the dismissal of any such member from the Order and to require the surrender of his decoration.

8. As a rule the conferment of the Indian Order of Merit in the Civil Division will not be accompanied by any grant of money; but the Government of India reserve the right of making such a grant, in addition to conferring the Order, in special cases.

The 3rd July, 1903.

Letters Patent appointing the Reverend Eyre Chatterton, D.D., Bishop of Nagpur.

Edward the Seventh, by the grace of God of the United Kingdom of Great Britain and Ireland and of the British Dominions beyond the Seas King, Defender of the Faith, Emperor of India, to all to whom these presents shall come, greeting. Whereas it has been represented to Us that it is expedient to erect a Bishop's See in that part of the territories in India known as the Nagpur and Chhattisgarh divisions of the Central Provinces, Now know ye that by Our Royal will and pleasure We do by these presents erect, found, ordain, and constitute all that part of Our said territories known as the Nagpur and Chhattisgarh divisions of the Central Provinces, to be a Bishop's See or Diocese, and to be called from henceforth the Bishopric of Nagpur, saving nevertheless to Us and to Our successors the power of altering from time to time the limits of the said Diocese, and the jurisdiction of the Bishop thereof. And to the end that this Our intention may be carried into due effect, We having great confidence in the learning, morals, probity, and prudence, of Our trusty and well-beloved Eyre Chatterton, Clerk, Doctor in Divinity, do by these presents nominate, constitute, and appoint him to be Bishop of the said Bishopric of Nagpur, and do order and ordain that he shall henceforth be called by the name, style, and title, of Bishop of Nagpur. And We do by these presents give and grant to the said Eyre Chatterton, Bishop of Nagpur, and his successors, full power and authority to confer the orders of Deacon and Priest, to confirm those who are baptized and come to the years of discretion, and to do and perform all the other functions peculiar and appropriate to the office of a Bishop, such Bishop and his successors having been first ordained and consecrated according to the form prescribed by the Liturgy of the Church of England, and also by himself or themselves, or by his or their Commissaries, to be by him or them constituted and appointed, to exercise spiritual jurisdiction in and throughout the said Bishopric and Diocese of Nagpur. And We do hereby grant and declare that the said Bishop of Nagpur and his successors may found and constitute an Archdeaconry within the said Bishopric of Nagpur, and may appoint a fit and proper person, being a Chaplain on one of Our Ecclesiastical Establishments in India of not less than two years standing, to be Archdeacon of the said Archdeaconry, provided always that the said Archdeacon shall exercise such jurisdiction only as shall lawfully be committed to him by the said Bishop and his successors. And that the said Bishop and his successors, may also from time to time nominate and appoint a fit and proper person to be a Registrar of the said Bishopric of Nagpur. Moreover, We will and grant by these presents that the said Bishop be a body corporate, and We do ordain, make, and constitute him to be a perpetual corporation, and to have perpetual succession, and that he and his successors be for ever hereafter known by the name of Bishop of Nagpur, and that he and his successors by the name aforesaid shall be able and capable in the law and have full power to purchase, have, hold, take, and enjoy such manors, messuages, lands, rents, tenements, annuities and hereditaments of what nature or kind so ever in fee and in perpetuity, or for term of life or years, and also all manner of goods, chattels, and things personal whatsoever, and that the said Bishop and his successors by and under the name or title aforesaid may prosecute, claim, plead, and be impleaded, defend and be defended, answer and be answered in all manner of Courts of Us and Our successors and elsewhere in and upon all and singular causes, actions, suits, writs, and demands, as well spiritual as temporal, and in all other things, causes, and matters whatsoever, and that he and his successors shall and may for ever hereafter have and use a corporate seal, and that the said seal from time to time at his and their will and pleasure may break, change, alter, or make new as to him or them shall seem expedient. Moreover We will and ordain by these presents that the Bishop of the said Bishopric of Nagpur and his successors shall be subject and subordinate to the See of Calcutta and to the Bishop thereof for the time being in the same manner as any Bishop of any See within the Province of Canterbury in Our Realm of England is under the authority of the Archiepiscopal See of Canterbury and the Archbishop thereof. And to the end that all the matters and things aforesaid may have their due effect We do hereby signify to the Most Reverend Father in God Randall Thomas Lord Archbishop of Canterbury Primate of all England and Metropolitan that we have erected and founded the aforesaid Bishopric of Nagpur and have nominated Our beloved Eyre Chatterton to the said Bishopric and have appointed him the Bishop thereof requiring and by the faith and love whereby he is bound to Us commanding him the said Archbishop to consecrate the aforesaid Eyre Chatterton Bishop of Nagpur in manner accustomed and diligently to do and perform all other behalf appertaining to his office in this behalf with effect. In witness whereof We have caused these Our letters to be made patent. Witness Ourselves at Westminster the sixth day of February in the third year of Our reign.

By Warrant under the King's Sign Manual.

MUIR MACKENZIE.

NOTIFICATION.

GEOLOGY AND MINERALS.

Simla, the 3rd July, 1903.

No. 2286—68-6.—The following draft of Rules which it is proposed to issue in exercise of the powers conferred by section 20 of the Indian Mines Act, 1901 (VIII of 1901), is published, as required by the said section, for the information of persons likely to be affected thereby.

2. The draft will be taken into consideration by the Governor General in Council on or after the 4th day of October 1903; and any objection or suggestion, which may be received from any person with respect to the draft before that date, will be considered by the Governor General in Council.

DRAFT NOTIFICATION.

In exercise of the powers conferred by section 20 of the Indian Mines Act, 1901 (VIII of 1901), the Governor General in Council is pleased to make the following rules for application to all coal mines in British India.

I.—SINGLE SHAFTS AND OUTLETS.

Rule 1.—(a) The owner, agent, or manager of a mine shall not employ any person in the mine, or permit any person to be in the mine for the purpose of employment therein, unless there are at least two shafts or outlets with which every seam for the time being at work shall have a communication, so that such shafts or outlets shall afford separate means of ingress and egress available to the persons employed in every such seam.

(b) Proper arrangements shall be made for persons to descend to and ascend from the mine at each of such shafts or outlets. If apparatus is necessary, it shall be kept on the works belonging to the mine, and shall be constantly available for use.

(c) Such shafts or outlets shall not at any point be nearer to one another than 45 feet, and each shall be connected with the other by means of a communication not less than 4 feet high and 4 feet wide.

(d) The foregoing provisions of this rule with respect to shafts and outlets shall not apply—

- (i) while a shaft is being sunk or an outlet being made;
- (ii) to any working for the purpose of making a communication between two or more shafts or outlets;
- (iii) to any working for the sole purpose of searching for or proving mineral;

so long as not more than 40 persons are employed below ground at any one time in the whole of the different seams in connection with a single shaft or outlet.

(e) In cases where there are special difficulties which make compliance with the foregoing provisions of this rule not reasonably practicable, the mine may be exempted therefrom by the Local Government, subject to such conditions as it may think fit to impose.

(f) So much of this rule as requires two shafts or outlets to be separated by distance of not less than 45 feet shall not apply to any shafts sunk or commenced to be sunk before this rule comes into force.

II.—RAISING AND LOWERING PERSONS.

Rule 2.—In every mine which is usually entered by means of machinery the following provisions shall have effect, namely:

- (a) A single linked chain shall not be used for lowering or raising persons in any working shaft or plane, except for the short coupling chain attached to a cage, skip, bucket or tub.
- (b) There shall be attached to every machine worked by steam or mechanical power, and used for lowering or raising persons, an adequate brake or brakes, and a proper indicator (in addition to any mark on the rope) showing, to the person who works the machine, the position of the cage, skip, bucket or tub in the shaft; and, if the drum is not on the crank shaft, there shall be an adequate brake on the drum shaft:
Provided that in the case of a shaft not over 100 feet deep or of a shaft in course of sinking so much of this rule as requires an indicator shall not apply.
- (c) Every apparatus on or in which persons ride in every working shaft, shall be provided with a sufficient cover overhead, except in a shaft not exceeding 100 feet in depth where buckets are used for winding, or in a shaft in course of sinking, or where persons are employed at work in a shaft.
- (d) Every working shaft used for the purpose of drawing mineral, or for lowering or raising persons, shall, if exceeding 100 feet in depth, be provided with proper means of communicating distinct and definite signals from the bottom of the shaft, and from every entrance for the time being in use between the surface and the bottom of the shaft, to the surface, and from the surface to the bottom of the shaft and to every entrance for the time being in use between the surface and the bottom of the shaft.
- (e) Every working shaft (except a shaft in course of sinking) used for lowering or raising persons shall, if exceeding 75 feet in depth, be provided with guides.
- (f) There shall be on the drum of every machine used for lowering or raising persons such flanges or horns or other appliances as may be sufficient to prevent the rope from slipping. The rope shall be securely fastened to the drum, and there shall be at least two turns of the rope on the drum when the cage, skip, bucket or tub is at the bottom of the shaft. After any stoppage of winding for more than two hours, the cage, skip, bucket or tub shall, before any person is allowed to ride therein, be run a complete trip up and down the working portion of the shaft at least once, to ensure that everything is in good working order.
- (g) A competent person or persons appointed by the owner, agent, or manager for the purpose shall, once at least in every 24 hours, examine the state of the external parts of the machinery and of the head-gear, ropes, chains, and other similar appliances of the mine which are in actual use both above ground and below ground, and shall, once at least in every week, examine the state of the shafts by which persons ascend or descend and the state of the guides and the conductors in the shafts, and shall write or cause to be written a true report of the result of such examination; and every such report shall be recorded without delay in a paged book to be kept at the mine for the purpose, and shall be signed and dated by the person who made the examination.

III.—ROADS AND WORKING PLACES.

Rule 3.—The roofs and sides of all travelling roads and working places shall be made and kept secure.

Rule 4.—(a) Every part of a mine in or through which any person has to work or pass, shall be inspected at least once during every twenty-four hours by a competent person or persons appointed by the owner, agent, or manager for the purpose of ascertaining the condition thereof so far as the presence of gas, ventilation, roof, sides, and general safety are concerned:

Provided that when a mine has not been worked for more than twenty-four hours, the inspection shall be made within two hours before any workman is allowed to pass a station or stations appointed by the manager at the entrance to the mine or different parts of the mine, as the case may require.

(b) Every person who makes such inspection shall write or cause to be written a true report of the result of such inspection either during or at the close of such twenty-four hours, and every such report shall be recorded without delay in a paged book to be kept at the mine for the purpose, and shall be signed and dated by the person who made the inspection.

Rule 5.—If at any time it is found by the person for the time being in charge of a mine or any part thereof that, by reason of inflammable gases prevailing in the mine or part, or of any cause whatever, the mine or part is dangerous, every workman shall be withdrawn from the mine or part, and a competent person appointed for the purpose shall inspect the mine or part, and, if the danger arises from inflammable gas, shall do so with a locked safety-lamp, and in every case shall make a true report of the condition of the mine or part; and no workman shall, except in so far as is necessary for enquiring into the cause of danger, or for the removal thereof, or for exploration, be re-admitted into the mine or part, until the same is stated by the person appointed as aforesaid not to be dangerous. Every such report shall be recorded without delay in a paged book, which shall be kept at the mine for the purpose, and shall be dated and signed by the person who made the inspection.

Rule 6.—Where a place is likely to contain a dangerous accumulation of water, the working approaching that place shall not at any point within 100 feet thereof exceed 8 feet in width or height, and there shall be constantly kept at a sufficient distance, not being less than 10 feet in advance, at least one bore-hole near the centre of the working, and sufficient bore-holes on each side, and, where necessary, above or below.

Rule 7.—Every entrance to any place, which is not in actual use or course of working and extension, shall be properly fenced across the whole width of the entrance, so as to prevent persons inadvertently entering the same.

Rule 8.—Every underground plane on which persons travel and which is self-acting or worked by an engine, shall be provided (if exceeding 100 feet in length) with some proper means of communicating distinct and definite signals between the stopping places and the ends of the plane, and shall be provided in every case with sufficient manholes for places of refuge, occurring at intervals of not more than 60 feet, and being not less than 5 feet high, 2 feet 3 inches wide, and 2 feet deep.

IV.—PLANS.

Rule 9.—The owner, agent, or manager of every mine shall keep in the office at the mine an accurate plan of the workings of the mine, on a scale not smaller than 200 feet to the inch, showing the workings up to a date not more than six months previously. It shall also show the shaft openings, and all those important surface marks within the boundaries, such as railways, which lie within 600 feet of any part of the mine workings, also the general direction and rate of dip of the strata, together with a statement of the depth of each shaft and a section of the seam or seams being worked:

Provided that the owner, agent, or manager of a mine worked in the open and not under cover shall be exempt from the necessity of keeping such plans, unless required to do so by the Chief Inspector of Mines.

Rule 10.—The owner, agent, or manager of every mine shall, at any time on the request of the Chief Inspector of Mines or of any Inspector of Mines, produce to him at the office at the mine such plan and section, and also, on the like request, mark on such plan and section the then state of the workings of the mine; and the Chief Inspector or Inspector shall be entitled to examine the plan and the section, and for official purposes to make or have a copy made of any part thereof respectively.

Rule 11.—If the owner, agent, or manager of a mine fails to keep, or wilfully refuses to produce or allow to be examined, the plan and section aforesaid, or wilfully withholds any portion thereof, or wilfully refuses on request to mark thereon the state of the workings of the mine, or conceals any part of these workings, or produces any imperfect or inaccurate plan or section, he shall (unless he shews that he was ignorant of the concealment, imperfection or inaccuracy) be guilty of an offence against these rules.

Rule 12.—When a mine or seam is abandoned or has been discontinued for more than a year, the owner of the mine or seam shall, at the time of its abandonment, or within three months after the end of a year after discontinuance, send to the Chief Inspector of Mines the plan and sections which have been made for the mine or seam in compliance with these rules and showing the nearest surface boundaries in relation to the underground workings, or a true and accurate copy of the same; but no person except an Inspector of Mines shall be entitled, without the consent of the owner of the mine or seam, to see the plan when so sent until after the expiration of twelve years from the time of the abandonment.

V.—EXPLOSIVES.

Rule 13.—No explosive substance shall be used in a mine otherwise than below ground and under the following conditions, namely:

- (a) It shall not be stored in the mine.
- (b) It shall not be taken into the mine except in secure cases or canisters, containing not more than five pounds, each, and a workman shall not have in use at one time in any one place more than one of such cases or canisters.
- (c) In the process of charging or stemming for blasting, no person shall use or have in his possession any iron or steel pricker, scraper, tamping-rod, or stemmer, and only clay or other non-inflammable substances shall be used for tamping or stemming.

- (d) When a hole has been charged, the explosive shall not be unrammed, and no hole shall be bored at a distance of less than 12 inches from any hole where a charge has missed fire.
- (e) No detonator shall be carried or kept in the same case or canister with any other explosive material, or inserted into the priming cartridge until immediately before it is used.
- (f) No explosive shall be forcibly pressed into a hole of insufficient size.
- (g) In any place which is dry and dusty, or in which the use of a locked safety-lamp is for the time being required by or in pursuance of these rules, no shot shall be fired, except by and under the direction of a competent person appointed by the manager of the mine.

VI.—VENTILATION AND LIGHTING.

Rule 14.—An adequate amount of ventilation shall be constantly produced in every mine to dilute and render harmless noxious gases and clear away smoke, to such an extent that the working places of the shafts, levels, and workings of the mine, and the travelling roads to and from these working places shall be in a fit state for working and passing therein.

Rule 15.—No lamp or light other than a locked safety-lamp shall be allowed or used—

- (a) in any place in a mine in which there is or is likely to be any such quantity of inflammable gas as to render the use of naked lights dangerous; or
- (b) in any working approaching near a place in which there is likely to be an accumulation of inflammable gas;

and when it is necessary to work the coal in any part of a ventilating district with safety-lamps, it shall not be allowable to work the coal with naked lights in another part of the same ventilating district situated between the place where such lamps are being used and the return airway.

Explanation.—For the purposes of this rule, the expression “ventilating district” means such part of a seam as has an independent intake commencing from a main intake air course, and an independent return airway terminating at a main return air course.

Rule 16.—Whenever safety-lamps are used, they shall be so constructed that they may be carried with safety against the air current ordinarily prevailing in the mine.

Rule 17.—In any mine or part of a mine in which the use of safety-lamps is for the time being required by or in pursuance of these rules, the following provisions shall have effect, namely:

- (a) A competent person shall be appointed by the manager to clean, trim, examine, and securely lock all such lamps before they are taken into the workings for use, and such lamps shall not be used until they have been so examined and found to be in safe working order and securely locked.
- (b) No safety-lamp shall be unlocked except at the appointed lamp station, or for the purpose of firing a shot.
- (c) No person, unless he has been authorised in writing by the manager either for the purpose of examining safety-lamps or for the purpose of firing shots, shall have in his possession any contrivance for opening the lock of a safety-lamp.

Explanation.—For the purposes of this rule the term manager includes an under-manager and any person for the time being carrying on the duties of the manager.

- (d) No person shall have in his possession any unlocked safety-lamp, naked light, match, smoking apparatus or apparatus of any kind for striking a light, except within a completely closed chamber attached to the fuse of the shot.

Rule 18.—Where the use of safety-lamps is for the time being required by or in pursuance of these rules, the position of the lamp stations for lighting or relighting the lamps shall not be in the return air.

VII.—MISCELLANEOUS.

Rule 19.—Every side entrance to a mine from the surface and the top, and all entrances between the top and the bottom including the sump (if any) of every working ventilating, or pumping shaft, shall be properly fenced: but this shall not be taken to forbid the temporary removal of the fence for the purpose of repairs or other operations, if proper precautions are used. Shafts temporarily or permanently out of use shall be properly fenced.

Rule 20.—Every fly wheel and all exposed and dangerous parts of the machinery used in or about a mine shall be kept securely fenced.

Rule 21.—Where no enactment for the regulation and inspection of steam-boilers and prime-movers is for the time being in force, every steam-boiler, whether separate or one of range, shall have attached to it a proper safety-valve, and also a proper steam-gauge and water-gauge to show respectively the pressure of steam and the height of water in each boiler.

Rule 22.—Ambulances or stretchers with splints and bandages shall be kept ready at hand in a convenient place and in good and serviceable order at every mine.

Rule 23.—Copies of all rules made under the Indian Mines Act, 1901, shall be kept at every mine, and shall be produced at any time on the request of an Inspector of Mines.

Rule 24.—Where the natural strata are not safe, every working or pumping shaft shall be securely cased, lined, or otherwise made secure.

Rule 25.—If in any mine the winding apparatus is not provided with some automatic contrivance to prevent over-winding, then the cage, skip, bucket or tub shall not, when persons are being raised in it, be wound up at a speed exceeding three miles an hour after it has reached a point in the shaft to be fixed by the special rules made for the mine under section 21 of the Indian Mines Act, 1901.

Rule 26.—Where any person required by these rules, or by any special rule made under section 21 of the Indian Mines Act, 1901, to make any report is unable to write, he shall be present when his report is written for him, and shall have it read over to him, and shall attach his thumb-mark to it. The person writing the report shall also sign his name at the end, together with a statement that it has been read over to the person for whom it was written.

NOTIFICATIONS.

Simla, the 3rd July, 1903.

No. 3093-I.B.—In exercise of the power conferred by section 21 of the Indian Arms Act, 1878 (XI of 1878), as applied to the Hyderabad Assigned Districts, the Governor General in Council is pleased to exempt from the operation of all prohibitions and directions contained in the Act, as so applied, all British Officers in regimental employ, members of Volunteer Corps, Staff Sergeants and Warrant Officers of British units of the Army, including such as are instructors of Volunteer Corps, in respect of single barrel rifles of .303 bore used or intended to be used by them for match-shooting purposes, subject to the following conditions, namely:

- (a) that only one such rifle at a time shall be imported or used by any individual hereby exempted,
- (b) that the rifle shall be sighted to a range of over 1,000 yards,
- (c) that the rifle shall become part of the equipment of the Corps to which the owner may, for the time being, belong,
- (d) that the owner shall, at the time of importation, produce a certificate from the Commanding Officer of the Corps to which he belongs, to the effect that the weapon will be brought on to the equipment ledger of the Corps and will be accounted for in the same manner as other equipment, and
- (e) that this exemption shall cease to have effect on the owner leaving regimental employ permanently or the Volunteer force, as the case may be: provided that, if he departs from India immediately after so leaving, he may take the weapon with him.

CIVIL ENGINEERING COLLEGE, SIBPUR.

Agricultural Department.

HIGHER AGRICULTURAL CLASS.

SESSION, 1903-1904.

RULES FOR ADMISSION.

For admission to the Higher Agricultural Class, an applicant must have one of the following qualifications :—

- (i) He must have passed the F. E. examination of the Calcutta University, and be under 23 years of age, but no student will be allowed to join the Agriculture class after the expiration of five years from admission into the Engineering College.
- (ii) He must have passed the B.A. examination of the Calcutta University by the B course, or possess other sufficient educational qualifications, be under 23 years of age, and, in addition, have received a nomination from the Bengal Government.
- (iii) He must have had a general education qualifying him to follow the instruction in the Higher Agricultural Class, and must also receive a nomination from Government for admission as a special student. To be eligible for a nomination under this rule, a candidate must either have landed property of his

own, or be recommended by some influential landholder who desires to train him to take part in the management of his estate, or he must otherwise satisfy Government that he intends to make practical use of his agricultural training. Students entering under this rule will be termed Special Agricultural Students. They will not be subject to any maximum limit of age, but will not be entitled to the privileges conferred on passed students under rules 12 and 13, even though they should obtain fully-signed diplomas in due course after passing the necessary examinations.

Every candidate for admission to this Department must apply in writing to the Principal not later than the 14th July. The form of application for a nomination, which must be addressed to the Principal, is given in Appendix B. In the event of the form not being properly filled up, and accompanied by the necessary certificates, no notice will be taken of the application.

The number to be nominated each year will depend on the accommodation available.

Every applicant, not already a student of the College, must undergo a medical examination by the College Surgeon before admission to this Department. If this officer's report is unsatisfactory, the applicant will not be admitted.

The sessions begins on the first Monday in November. All students are required to join the College on that day. Any student prevented by sickness from attending on the opening day must produce a certificate to that effect from a Civil or Assistant Surgeon, failing which he will be liable to a fine not exceeding Rs 10. No student will be admitted or re-admitted to the College after the month of November, except by special orders of the Director of Public Instruction. This permission will only be given under exceptional circumstances.

COURSE OF INSTRUCTION.

The course of instruction in the Higher Agricultural Class will extend over two academic years.

SCHOLARSHIPS.

Senior scholarships awarded in the Engineer Department are tenable in the Agricultural Department.

One graduate scholarship of Rs 30 a month, tenable for one year, will be awarded on the result of the examination held at the end of the first academic year.

APPOINTMENTS.

Two appointments annually are assigned to students holding a fully-signed diploma: one in the Provincial Executive Service and one in the Subordinate Executive Service. The right of selection for these appointments will rest with Government, and the students who gained the highest marks at the examination for diplomas will not necessarily be selected.

Other holders of fully-signed agricultural diplomas, who wish to compete at the examination for admission to the Provincial, Subordinate Executive, and Opium Services, may submit their names through the Principal to Government for nominations. These applications for nominations will be considered, provided the applicants appear to His Honour the Lieutenant-Governor to be otherwise suitable for admission to these services.

ENTRANCE AND TUITION FEES.

Each student in the Higher Agricultural Department will be required to pay an admission fee of Rs 10.

F.E.'s who elect to join the Agricultural Department immediately after passing the F.E. examination are exempted from the payment of this fee, as their names are already borne on the College books.

For the present no tuition fees will be charged to students in the Agricultural Department, except in the case of those joining as special students under rule 3 (ii). The tuition fees for these students will be Rs 8 a month.

Further particulars may be obtained free on application to the Principal.

HOME DEPARTMENT.

NOTIFICATIONS.

PUBLIC.

Simla, the 10th July, 1903.

No. 2641.—In exercise of the powers conferred by sections 4 and 17 of the Indian Arms Act, 1878 (XI of 1878), the Governor General in Council is pleased to direct that the further amendments, hereinafter set forth below, shall be made in the Notification of the Government of India in the Home Department, No. 518, dated the 6th March 1879, as amended by subsequent notifications:

In paragraph IV for clause (d) the following clause shall be substituted, namely:

“(d) Sections 5, 14 and 16 to all lead, other than leaden bird-shot and bullets when possessed in quantities not exceeding 1 cwt. at any one time in the North-West Frontier Province, in the districts of Rawalpindi and Dera Ghazi Khan in the Punjab, and in the Isakhel Tahsil of the Mianwali District, in the Punjab.”

In paragraph VI—

(a) from rule 1 the words “or to the Political Officer of the State” shall be omitted;

(b) in rule 2, first proviso, for the words “to a frontier district” the words “to the North-West Frontier Province, and to the districts of Rawalpindi and Dera

Ghazi Khan in the Punjab, and in the Isakhel Tahsil of the Mianwali District in the Punjab," shall be substituted;

- (c) in rule 6-C, for the first five sentences, the following shall be substituted, namely:

"6-C. *Licenses to import into British India, by land or river, arms, ammunition or military stores.*—Licenses to import into British India by land, or river, arms (other than arms for which the Governor General in Council is to issue special order under rule 5, or arms imported solely for purpose of repair under the proviso to this rule), ammunition or military stores, may be granted by the Magistrate of the district to which such arms, ammunition or military stores are consigned or, if such arms, ammunition or military stores are consigned to a Presidency town or Rangoon, by the Commissioner of Police. The fee payable in respect of each such license shall be rupees five; but officers granting such licenses are empowered to remit the fee when the arms, ammunition or military stores are of a reasonable quantity, and such officers are satisfied that they are required *bond fide* for purposes of protection of person or property. In the case of arms, ammunition or military stores imported from a Native State, a copy of the license shall be sent by the officer granting it to the Political Officer of the State from which they are to be imported. If the district to which the arms, ammunition or military stores are consigned is other than a district on the frontier of British India and they are to cross that frontier by road or river, a copy of the license shall also be sent to the Magistrate of the district on the frontier of British India through which the consignment must pass, who shall, if he thinks necessary, before permitting the arms, ammunition or military stores to leave his district, require the holder of the license to produce them for his inspection. In cases in which the arms, ammunition or military stores are to cross the frontier of British India by rail, a copy of the license shall be sent to the railway authorities at the place to which the arms, ammunition or military stores are to be conveyed by railway."

- (d) In rule 7—

- (i) for the first paragraph the following shall be substituted, namely:

"7. *Licenses to export arms, ammunition or military stores to the frontier of British India or to places within Feudatory States.*—Licenses to export cannon, arms or ammunition or military stores by land or by river to any place beyond the frontier of British India, and licenses to import arms or ammunition or military stores into, or to export the same out of, the district of Ajmer, may be granted by the Secretary to the Government of India in the Foreign Department, or by any other officer specially empowered by the Government of India to grant them"; and

- (ii) in the last paragraph, for the second and third sentences the following shall be substituted, namely:

"Copies shall also be sent to the Magistrate of the district on the frontier of British India if the articles are to cross that frontier by road or river. If the articles are to be carried across that frontier by rail, a copy of the license should, in the case of consignments despatched from Presidency towns or from Rangoon, be sent to the Commissioner of Police, and, in other cases, to the Magistrate of the district from which the articles are to be despatched."

- (e) In rule 10 for the second sentence the following shall be substituted, namely:

"In the case of articles crossing the frontier of British India by road or river (1) the export license must, within six days of the consignment reaching the district on the frontier and before it leaves British territory, be delivered by the consignee or his agent, or, if the arms, ammunition or military stores are in charge of any person travelling with them, by that person, to the Magistrate of that district or other officer empowered by him on this behalf; (2) the import license must, within six days of the consignment entering British territory, be shown to the Magistrate of the district on the frontier of British India or other officer empowered by him on this behalf."

In License Form I from the last condition the words "or to the Magistrate of the district where the external frontier of India is to be crossed" shall be omitted.

PUBLIC DEBT.

Simla, the 7th July, 1903.

THREE-AND-A-HALF PER CENT. LOAN.

No. 3868-A.—His Excellency the Right Honourable the Governor General in Council has resolved to borrow two hundred lakhs of rupees for the public service in the following manner :

2. Promissory Notes will be issued for the said amount in the Form annexed to this Notification, being the form of the notes of the *Three-and-a-half Per Cent. Loan of 1900-01*, of which loan the notes to be now issued will form a part. All the conditions which apply to notes of the *Three-and-a-half Per Cent. Loan of 1900-01*, will apply to the notes to be now issued. The interest on the notes of that loan is payable half-yearly on the 30th day of June and the 31st day of December; and the notes are not liable to discharge before the 31st day of December 1920.

Tenders.

3. Tenders for the whole or any part of the said amount of Rs. 2,00,00,000 will be received by the Comptroller General from this date to noon of Wednesday, the 22nd July next. Tenders must be for sums of 100 Rupees or multiples of that sum.

4. Each tender must be addressed, in the form annexed to this Notification, to the Comptroller General, Calcutta, and enclosed in a closed cover, superscribed "*Tender for the Three-and-a-half Per Cent. Loan.*" If the tenderer is not resident in India, he must name an agent resident in India to whom an allotment-certificate may be issued, if any part of the loan is allotted to such tenderer.

NOTE (1).—Tenders made in accordance with these instructions will also be received by the Accountants General at Madras, Bombay, Allahabad, and Lahore, on account of the Comptroller General, Calcutta, on the 21st July and up to the local time corresponding to 12 o'clock in Calcutta on the 22nd July; provided that—

- (a) they are delivered personally or by clerk or messenger at the Accountant General's Office (where a receipt will be given for them);
- (b) they are made on printed forms, to be obtained at the same office or at the local Presidency Bank;
- (c) each tender is for not less than Rs. 10,000;
- (d) the deposit is either a promissory note or a Treasury Receipt from the local Office of the Presidency Bank, or a cheque on a local Bank in favour of the Accountant General;
- (e) the amount of the tender is made payable either at the place of tender or in Calcutta;

and the Accountant General will return deposits on non-accepted tenders and will issue allotment-certificates so far as the tenders are payable in Madras, Bombay, Allahabad, or Lahore.

NOTE (2).—Tenders made in accordance with these instructions will also be received at all Head and Sub-Post Offices up to a date to be notified at each Post Office. The date will vary according to the distance of the Post Office from Calcutta and will in no case be later than the forenoon of the 20th July. The following conditions must be complied with:

- (a) the tenders must be delivered personally or by messenger at the Post Office, where a receipt will be given for them;
- (b) they must be made on printed forms, to be obtained at the Post Office;
- (c) each tender must be for not less than Rs. 100 and not more than Rs. 2,000;
- (d) the deposit must be a receipt for the amount (which may not exceed Rs. 40 for each tender) from the Post Master of the Post Office at which the tender is made;
- (e) the amount of the tender must be made payable either at the Head Post Office of tender (whether the tender was made at the Head Post Office or at one of its Sub-Offices) or in Calcutta. In the case, however, of a tender made at a Post Office in Calcutta, the amount of the tender must be made payable only at the Bank of Bengal.

The tenders will be transmitted by post by the Post Master to the Comptroller General so as to reach him before 11 A.M. on Wednesday, the 22nd July. The Comptroller General will deal with them as if they had been made direct to him, returning deposits on non-accepted tenders through the Post Master.

5. The rate at which each tender is made must be specified in rupees or rupees and annas: a tender in which no rate is thus specified, but a subscription is offered in some other terms—as, for example, at the recorded minimum, or at some specified percentage in addition to the recorded minimum, or at the average of the accepted tenders—will be rejected as null and void.

6. The rate at which a tender is made must not contain a fraction of an anna: if a rate containing a fraction of an anna is inserted in any tender, such fraction will be struck out and the tender treated as if the rate did not contain such fraction of an anna.

Deposits.

7. Each tender must be accompanied by a deposit of not less than one-hundredth or, if the tender be for less than Five Lakhs of Rupees, then for not less than one-fiftieth part of the tender. The deposit must be in one of the following forms: (a) a receipt for the amount from the Head Office of the Bank of Bengal, or Madras, or Bombay, or one of their Branches, or from an officer in charge of some Public Treasury, or (b) a cheque drawn in favour of the Comptroller General on a Bank in Calcutta, Madras, Bombay, Allahabad, or Lahore, or (c) Government Promissory Notes¹ standing in the name of, or endorsed to, the tenderer or the person making the deposit. In the case of tenders made at Post Offices under note (2) to clause 4, the deposit must be a receipt for the amount from the Post Master of the Post Office at which the tender is made.

¹ It is particularly requested that such Promissory Notes may NOT be endorsed to the Comptroller General.

8. (a) Deposits not being promissory notes, will, in the case of accepted tenders, be credited proportionately in part payment of the allotment-certificates issued in respect of the tender, and will bear interest for the purpose of clause 16 below from the date of the opening of tenders. When a tender is not accepted in full, the deposits, when they are not in the form of promissory notes, will be credited as far as possible proportionately in part payment of the allotment-certificates issued in respect of it. If any allotment-certificate is not fully taken up, the deposit credited in respect of it will be forfeited.

(b) Promissory notes deposited in respect of any accepted tender will be held until all the allotment-certificates issued in respect of the tender are paid up and will, if the allotment-certificates are not fully taken up, be appropriated by the Government and cancelled.

Opening of Tenders.

9. The Governor General in Council reserves the right to declare, on or before the 15th July, the minimum rate at which tenders will be accepted. If not so declared, the said minimum rate will be recorded under the signature of the Comptroller General, and, before the tenders are opened, placed upon the table in a sealed envelope, but will not be declared unless some tender is rejected only because it is below the recorded minimum.

10. Tenders will be opened publicly by the Comptroller General at the Treasury Buildings, Calcutta, at noon (Calcutta time), on Wednesday, the 22nd July next, and those received under the terms of note (1) to clause 4 will be similarly opened by the Accountants General at Madras, Bombay, Allahabad, and Lahore at the local time corresponding to noon Calcutta time, on the same day; but the contents of the tenders will not be disclosed otherwise than as provided in clause 12.

11. Tenders at rates not below the minimum rate will be accepted in the order of the rates tendered, beginning with the highest rate. The amount allotted at the lowest rate at which tenders are accepted will be divided amongst those who have tendered at this rate in proportion, as nearly as may be found convenient, to the amounts of their tenders; provided that no allotment will be issued if the amount distributable on any tender is less than Rs. 100; preference will however be given to small tenders, not exceeding Rs. 2,000, at the lowest accepted rate, such tenders receiving allotments in full as far as possible.

Allotment-Certificates.

12. To each tenderer (or to his agent) whose tender is accepted in whole or in part, such number of allotment-certificates as may be necessary to make up the aggregate amount allotted to him will be issued by the Comptroller General¹ as soon as possible after the 22nd July and an alphabetical list of the names of those to whom such allotment-certificates are issued will be posted for general information at the Head Offices of the Banks of Bengal, Madras, and Bombay, and at the Branch Offices of the Bank of Bengal at Allahabad and Lahore.

¹ For tenders received by the Accountant General at Madras, Bombay, Allahabad, or Lahore, and payable at those places, the Accountant General will issue the allotment-certificates.

13. If the allotment made on any tender is less than Rs. 3,000, then the whole of the allotment certificates [after credit of the deposit under clause 8 (a)] will be made payable upon the 3rd September.

Otherwise the whole amount of each allotment will be divided into three instalments as follows:

Instalment I.—As near as convenient to 35 per cent., but not exceeding 35 per cent. payable upon the 4th August:

Instalment II.—As near as convenient to 35 per cent., but not exceeding 35 per cent., payable upon the 3rd September:

Instalment III.—The balance payable upon the 23rd September:
and allotment-certificates will be issued for each instalment separately.

But the whole or any part of any accepted tender may be paid at any time after receipt of the allotment-certificates.

The words "as near as convenient" refer to the necessity for making each instalment an exact multiple of Rs. 100.

14. Any allotment certificates will, on application to the Comptroller General, be exchanged for an equivalent amount of allotment-certificates of smaller denominations; provided that if any payment (beyond the deposit) is recorded upon the cancelled certificate, it can be taken against, and recorded upon, only one of the certificates issued in exchange.

15. Payment of any allotment certificate may be made to the account of the Government in the Head Office of the Bank of Bengal or Madras or Bombay, or in any Branch of these Banks, or into any Public Treasury or Treasuries in India which may be named in the tender in respect of which it was issued. Receipts for such payments will be given by the Banks of Bengal, Madras and Bombay, or their Branches, or by the officers in charge of the Government Treasuries at which payment is made by encasement upon the relative certificate. In the case of accepted tenders which were made at Post Offices other than Post Offices in Calcutta under note (2) to clause 4, payment of allotment-certificates may also be made at the Head Post Office of tender, and the Head Post Master will give a receipt for such payment by encasement upon the relative allotment-certificate.

Issue of Promissory Notes.

16. (a) When any allotment-certificate is fully paid up, the holder will, on presenting it duly receipted at the place where it was paid, obtain from the Public Debt Office, Calcutta, promissory notes of such values as he may desire (each note being in even hundreds and not less than Rs. 100) bearing interest from 31st December 1903, and he will also receive interest at 3½ per cent. per annum from the dates on which he may have made payment till the 30th December 1903.

(b) Or he may, at his option, by paying interest at the said rate from 30th June 1903 to the dates on which he may have made payment, obtain promissory notes as above, bearing interest from 30th June 1903.

By order of the Governor General in Council,

E. N. BAKER,

Offg. Secretary to the Government of India.

NOTIFICATION BY THE COMPTROLLER GENERAL.

The Comptroller General requests the attention of tenderers to the following arrangements :

Filling up tenders.

(1) They are requested to use only the printed forms of tender, which will be available at his Office and at the Currency Office on application to the Darwan on duty, at all the Provincial Account Offices, and at the Banks of Bengal, Madras, and Bombay, and will also be supplied to the Principal Treasuries, and to Head and Sub-Post Offices in India.

(2) If the deposit is in the form of Promissory Notes or of Currency Notes, their number should be quoted in detail in the tender.

Presentation of tenders.

(3) For all tenders presented to him in his office upon the last fixed day, or the two days preceding it, he will give the bearer a receipt bearing a number and initialled by himself or an assistant specially deputed for the purpose. The Accountants General at Madras, Bombay, Allahabad, and Lahore will do likewise in respect of tenders presented to them under note (1) to clause 4 of the Government Notification.

Return of Deposit in case of Non-acceptance.

(4) The reverse of this receipt is a form in which, in the event of the tender not being accepted, the tenderer may give to the Comptroller General or Accountant General a receipt or the deposit accompanying it. This form should, on the third day after the opening of the tenders, be filled up, signed with the same signature as the tender, and be presented at the Office of the Comptroller General or Accountant General. The deposit will then be returned to the bearer in exchange for the receipt.

(5) Deposits upon tenders presented personally, as described in No. (3) above, will be returned only in this way, and will not be sent by post or otherwise. Deposits upon other unsuccessful tenders will be returned by post or by the hands of a clerk.

Tenders made at Post Offices.

(6) Tenders made at Post Offices under note (2) to clause 4 of the Government Notification will be acknowledged by the Post Master or Sub-Post Master concerned in prescribed forms of receipt, and in case of non-acceptance of the tenders, the deposits will be returned to the tenderer or his agent personally on the surrender of the receipt given for the deposit.

Accepted Tenders.

(7) The Comptroller General and the Accountant General at Madras, Bombay, Allahabad, or Lahore (in the case of tenders received by such Accountant General and payable in Madras, Bombay, Allahabad, or Lahore), will issue allotment-certificates to successful tenderers. These certificates will be for the following amounts:—Rs. 100, Rs. 300, Rs. 500, Rs. 1,000, Rs. 2,000, Rs. 5,000, Rs. 10,000, Rs. 20,000, Rs. 50,000, Rs. 1,00,000, making up the full value accepted; and the deposit on the tender will be divided among them; they will be substantially of the following form :

This is to certify that, in accordance with the terms of Notification No. 3868-A., dated the 7th July 1903 (Gazette of India, Extraordinary, dated the 7th July 1903), the above named tenderer has engaged to take up Rs. 2,000 of the 3½ Per Cent. Loan of 1900-01 at the rate above mentioned on or before ; and that on the said payment being completed, he is entitled on endorsing and delivering up this certificate to receive a promissory note or notes of the Government of India for Rs. 2,000 bearing interest from

No. 4082-S R.—In exercise of the powers conferred by the Indian Post Office Act, 1898 (VI of 1898), the Governor General in Council is pleased to direct that the following shall be substituted for rules 64 and 65 of the rules published in the Notification in the Finance and Commerce Department, No. 1429-C.S.R., dated the 30th March 1899 :

64. No such postal article as aforesaid shall be accepted for transmission by post as a value-payable postal article unless the sender declares that it is sent in execution of a *bono de* order received by him.

Explanation.—An article may be sent by the value-payable post even though it possesses no intrinsic value. Thus, legal documents, bonds, policies of insurance, promissory notes, railway goods and parcel receipts, bills of lading, or ordinary bills for collection may be sent as value-payable postal articles. In the case of a railway receipt or bill of lading sent as a value-payable postal article, it will be sufficient for the purposes of this rule if the article to which the railway receipt or bill of lading relates, has been sent in execution of a *bona fide* order.

No. 4119-A.

The 9th July, 1903.

RESOLUTION—By the Government of India, Finance and Commerce Department.

By the Notification in the Finance and Commerce Department, No. 3184-A., dated the 1st June 1903 the rules under the Local Authorities Loan Act, 1879, for the raising of loans by local authorities in the open market have been amended so as to admit of any particular loan being defined in sterling currency with the previous sanction of the Governor General in Council.

2. His Excellency in Council gives notice that applications from local bodies for permission to issue sterling loans will be entertained only in cases in which there is a reasonable prospect of the money being raised at a rate of interest not exceeding 4 per cent., and at a price not appreciably below par. Applications should be made in sufficient time to admit of a reference to the Secretary of State before sanction is given to the issue of a sterling loan. Local bodies borrowing in sterling will have to make their own arrangements for bringing the capital raised to India and for remitting the interest to the holders of the stock. Such remittances will not be made by Government agency nor be brought on to the Government account.

3. The conditions set forth above will be applicable, not only to loans raised under the Local Authorities Loan Act, 1879, but also, as far as may be, to sterling loans which may be raised under special enactments by such local authorities as those specified in the margin.

Native Passenger Ships.

The 10th July, 1903.

No. 4168-S. R.—The following draft of certain rules which the Governor General in Council proposes to make in exercise of the power conferred by section 53 of the Native Passenger Ships Act, 1887 (X of 1887), is published for the information of all persons likely to be affected thereby. The draft will be taken into consideration on or after the 11th of August 1903 and any objection or suggestion received before that date will be considered by the Governor General in Council:

1. No petroleum which is dangerous within the meaning of the Indian Petroleum Act, 1899 (VIII of 1899), shall be shipped on board any ship proceeding or departing from British India, and no other petroleum shall be carried on board such a ship otherwise than in accordance with the following conditions, namely,—

(a) The master, owner or agent shall give notice to the Chief Customs-officer or such other officer as the Chief Customs-officer may nominate in this behalf, before permitting any petroleum to be shipped.

- (b) Each consignment of petroleum shipped shall be covered by a declaration made and signed by the shipper in Form A (hereto annexed), if the petroleum has been imported into British India, and otherwise in Form B.
- (c) Petroleum shall be shipped either in tins enclosed in outer wooden cases or in hermetically sealed iron or steel drums.
- (d) The nature of every consignment of petroleum shipped shall be marked on the outside of the package containing it.
- (e) Petroleum shall be stored separate from all other cargo and as far as possible away from lights or fires, and none shall be stored in any hold adjoining an engine or boiler.
- (f) There shall be a water-tight bulkhead between the engine room and any hold in which petroleum is stored, and the sluice-valves of such bulkhead shall be shut down and padlocked.
- (g) Save where electric light is used, no petroleum shall be shipped or discharged except between sunrise and sunset ; no lights other than electric lights shall be lit in a hold in which petroleum is stored ; and no smoking shall be permitted in or near any such hold.
- (h) No person shall otherwise than along with, or with the authority of, an officer of the ship, be permitted to visit a hold in which petroleum is stored.
- (i) No more passengers shall be carried than can with safety be accommodated in the ship's boats in case of accident, unless the vessel is a coasting one proceeding on a short voyage and there are provided life-belts sufficient for such passengers as cannot be accommodated in the boats.
- (j) At any port in which a ship carrying petroleum is for the time being, the Chief Customs-officer, or such other officer as the Chief Customs-officer may nominate in this behalf, may take and test any consignment of such petroleum or any single case or drum thereof.
- (k) If any petroleum tested under clause (j) is found to be dangerous petroleum defined as aforesaid, the whole consignment of which the petroleum tested formed a part shall be liable to confiscation.

2. The officer authorised to grant a certificate in respect of a ship under sections 7 and 12 of the Native Passenger Ships Act, 1887 (X of 1887), shall, if there is petroleum on board, not grant the same without the consent of the Chief Customs-officer or such other officer as the Chief Customs-officer may nominate in this behalf.

3. Whoever commits a breach of any of these rules shall be punishable with fine which may extend to two hundred rupees, and, when the breach is a continuing one, with a further fine which may extend to twenty rupees for every day after the first during which the breach continues.

FORM A.

We hereby do declare that the cases and drums marked as follows—

presented for shipment on the S.S. contain imported petroleum and that the petroleum is contained in the original packages, in which it was imported into this country.

TELEGRAPHS.

The 8th July, 1903.

No. 257.—The following is published for general information :

No. 922 T. E., dated Simla, the 6th July, 1903.

• **RESOLUTION**—By the Government of India, Public Works Department.

Under the orders of Public Works Department Resolution No. 19 T. E., dated 7th January 1901, the ultimate strength of the Superior Establishment of the Indian Telegraph Department was, with the sanction of the Secretary of State, increased from 86 to 101 officers; the increase of 15 being wholly in the grades of Assistant Superintendent.

2. The great expansion of the Department has, however, for some time past, forced the Government of India to admit the necessity for increasing the number of higher posts in order to maintain efficiency. The growth of all the divisions, notably those of the Punjab, Bengal,

Bombay, Madras, Assam, and Eastern Bengal, has been so great as to render it impossible for one Superintendent to manage his charge in a thoroughly efficient manner. The mileage of posts has increased from 17,232 to 52,909, the mileage of wire from 39,113 to 170,776 and the number of telegraph offices of all kinds from 423 to 5,420 during the period from 1877 to 1900, while there has been no corresponding increase in the number of divisions which are now, as in 1877, only 16. A redistribution and an increase in the number of Superintendents' charges are therefore urgently called for in the interests of efficient administration. The Government of India, therefore, considered that five new divisions should be formed immediately.

3. It has also been represented by the Director General that the direction required to be strengthened. The existing staff of the Director General of Telegraphs' Office is stated to have been, for some time past, barely sufficient to carry out the ordinary routine work at high pressure; leaving no time for the initiation of schemes for improvements, tours of inspection, etc. The Government of India, therefore, proposed that it should be increased by the addition of two officers with the designation of Deputy Directors.

4. The above proposals will have the effect of increasing the number of charges above the rank of Assistant Superintendent by seven,* that is, from 31 to 38.

The present and proposed distribution of the appointments above the grade of Assistant Superintendent are shown in statement C accompanying this Resolution.

It was further considered that the pay of the two Directors should be raised from Rs. 1,600 to Rs. 1,800 a month; that the pay of the Deputy Directors should be Rs. 1,600; and that the four Chief Superintendents whose pay is now Rs. 1,125—75—1,500 should be formed into two classes with two Chief Superintendents in each on rates of pay of Rs. 1,250 and Rs. 1,400 a month, respectively.

Under this arrangement the organization of appointments and classes above that of Superintendent will be as follows:

| | P.s. |
|--|-------|
| 1 Director General on | 3,000 |
| 1 Deputy Director General " | 2,000 |
| 2 Directors, each " | 1,800 |
| 2 Deputy Directors, each " | 1,600 |
| 2 Chief Superintendents, 1st Class, each " | 1,400 |
| 2 " " 2nd " " " | 1,250 |

5. In dealing with the grades of Superintendent and Assistant Superintendent, the Government of India considered it necessary to devise an organization which would produce a fair and reasonable rate of promotion through those grades for some years to come, while the establishment is in an abnormal condition owing to irregular recruitment in the past, and also in future years when it has settled down into its normal state. That is to say, they desired to prevent, so far as may be possible, a period of rapid promotion followed by a period of comparative retardation. While, therefore, increasing, as stated above, the number of appointments in the higher grades, and also improving the ultimate scale of the Superintendent and Assistant Superintendent grades so as to give a better rate of promotion than the present sanctioned scale allows, they considered it necessary to prevent an abnormal acceleration of promotion in the Superintendent and Assistant Superintendent grades by the introduction of a time limit of service, as well as a limiting scale for promotion, within these grades. With this view they recommended that the ultimate scale for the Superintendent and Assistant Superintendent grades should stand as below :

| | | | | | | | | | | | | | | | |
|---|---|---|---|---|---|---|---|---|---|---|---|---|---|--------------|---------------|
| Superintendents, 1st Grade | . | . | . | . | . | . | . | . | . | . | . | . | . | . | 23 |
| " 2nd " | . | . | . | . | . | . | . | . | . | . | . | . | . | . | 13 |
| Assistant Superintendents, 1st Grade | . | . | . | . | . | . | . | . | . | . | . | . | . | . | 9 |
| " " 2nd " | . | . | . | . | . | . | . | . | . | . | . | . | . | . | 19 |
| " " 3rd " | . | . | . | . | . | . | . | . | . | . | . | . | . | . | 13 |
| " " 4th " | . | . | . | . | . | . | . | . | . | . | . | . | . | . | 14 |
| | | | | | | | | | | | | | | | — |
| | | | | | | | | | | | | | | TOTAL | . . 91 |

but they further proposed that the selection of officers for future promotion to each grade, within the above limiting scale, should be subject to a time rule or qualification, dependent

on total service in the Department, or in the successive grades, according to the following scale :

| | Years' service from date of entering Assistant Superintendent, 4th grade. | | Years' service in the grade below. |
|--|---|----|------------------------------------|
| Time qualification for promotion to Assistant Superintendent, 3rd Grade, after | 3 | or | 3 |
| Time qualification for promotion to Assistant Superintendent, 2nd Grade, after | 6½ | " | 3½ |
| Time qualification for promotion to Assistant Superintendent, 1st Grade, after | 11 | " | 4½ |
| Time qualification for promotion to Superintendent, 2nd Grade, after | 14½ | " | 3½ |
| Time qualification for promotion to Superintendent, 1st Grade, after | 19 | " | 4½ |

Note.—If, however, an officer eligible for promotion under the time rule is not promoted for any reason, such as not being recommended or being otherwise superseded, for each officer so passed over another officer may be promoted within the measure of the limiting scale.

The result of this rule will be that the actual scale will be the same as if all the officers eligible were promoted, so far as the limiting scale permits.

Under this rule any officer not qualified by length of service may be promoted in place of an officer who is eligible by the time rule, but not equally eligible with the former under the rule of selection.

One effect of the operation of the above time rule will be that the number of officers in the Superintendent grades will for some time to come be less than 28, which, with the ten appointments down to and including the Chief Superintendents, make up the number of 38 charges above the rank of Assistant Superintendent (*vide* Statement C). In fact, for the present, the number of officers in the two Superintendent grades will probably not exceed 21, which is the number that will remain in those grades after carrying out the promotions in the grades above the Superintendent grade.

It was further proposed that officiating and temporary promotions should continue to be made from the rank of Assistant Superintendent to that of Superintendent, and from the rank of Superintendent to that of Chief Superintendent and to appointments above that rank according to present rules, within the scale produced, in the Superintendent class, by operation of the time rule and limiting scale; but that Assistant Superintendents, 1st Grade, holding Superintendents' charges, when not temporarily promoted under the new scale, should draw a charge allowance of Rs. 50 a month in addition to pay of Rs. 700, and similarly that Assistant Superintendents, 2nd or lower grade, in the same position should receive a charge allowance of Rs. 150 per mensem in addition to grade pay.

It was also proposed that the four grades of Assistant Superintendent should form one class instead of two as at present. The result of this will be that temporary promotion from Assistant Superintendent, 3rd Grade [old class VII (1)], to Assistant Superintendent, 2nd Grade [old class VI (2)], will be no longer admissible.

The proposed scale (ultimate) as compared with the present ultimate sanctioned scale is shown in the appended statement A; while the scale that will result from the immediate application of the new scheme including the time rule, as compared with the present actual scale, is shown in statement B.

6. The above proposals were placed before the Secretary of State and have been approved by His Lordship. They will have effect from the 16th March 1903, the date of receipt of His Lordship's Despatch sanctioning the reorganization.

7. In consequence of the abolition of the present Class VII, consisting of the two lowest grades of Assistant Superintendents, certain officers who are now temporary or officiating in the new 2nd Grade of Assistant Superintendent would revert on the introduction of the scheme. They are, however, permitted to retain their temporary or officiating steps, until they would have reverted in the ordinary course under the old rules, on the cessation of the acting vacancies.

ORDER.—Ordered that this Resolution be communicated to the Accountant General, Public Works Department, and to the Director General* of Telegraphs for information and guidance, and to the Finance and Commerce Department for information.

* With copy of Despatches Nos. 346 and 7 Tel, date 1, respectively, the 4th December 1902, and 27th February 1903, to and from the Secretary of State.

Also that it be published in Part I of the *Gazette of India*.

GOVERNMENT OF INDIA.

DEPARTMENT OF REVENUE AND AGRICULTURE.

Rainfall summary for the seven days ending at 8 a.m. on Thursday, the 16th July 1903, based on the India Daily Weather Reports of the period.

It will be remembered that at the close of last week the barometer had fallen quickly over India and that conditions were once again becoming more favourable for the extension of monsoon rainfall over the country. This tendency to improved conditions has been maintained during the week under review. On the 10th rain was practically confined to the west coast, the Burma coast and part of north-east India, on the 11th there occurred a slight extension of rainfall into the central districts and on the 12th and 13th rain extended over the greater part of the country. This fairly general rainfall has been maintained up to the close of the week, and the only areas in which the fall has been still delayed or is still only partial are parts of the Gangetic Plain, of the Himalayas, of the Central India Plateau and of Gujarat. The daily weather charts of the 14th, 15th and 16th showed that a slight cyclonic storm lay over Kathiawar and that a couple of cyclonic storms were passing from the head of the Bay into central or upper India, so that at the close of the week the general conditions were favourable for the continuance of rain over the greater part of the country.

The Bay of Bengal monsoon current has been somewhat interrupted in its flow inland by the formation of the two storms mentioned above, so that, while Burma coast has received steady daily rain, north-east India has recorded more or less scattered and partial rainfall. Thus, while Tavoy in Tenasserim received 18·37" during the week, Cherra Poonjee received 21·33" on the 10th and practically nothing during the remainder of the week.

The Bombay or Arabian Sea monsoon current has been strong. At first the rainfall from this source was confined to the coast, but rain commenced to extend inland on the 11th, and by the close of the week showers were received over nearly the whole area fed by this current. Towards the close of the week a storm formed over the north of the Arabian Sea and drifted into Kathiawar causing very strong winds along the north Bombay coast. During the week Calicut received 13·37", Ratnagiri 24·54", Veraval 8·07" and Dwarka 13·14" of rain.

The week's rainfall exceeded the normal on the Burma coast, the Brahmaputra valley, and in the Burdwan, Waltair, Cuttack, Raipur, Calicut, Bombay, Rajkot, Bijapur, Hyderabad, Mysore and Madura subdivisions. The excess amounted to 10·49" in the Bombay, to 5·81" in the Calicut, to 2·30" in the Cuttack and to 1·73" in the Burdwan subdivisions. In other parts of the country the rainfall remained light and the deficiency exceeded 1" in the Narayanganj, Patna, Simla, Ludhiana, Cawnpore, Jubbulpore, Jhansi and Ahmedabad subdivisions.

The condition of the seasonal rainfall has been improved in some parts of the country by the rainfall of the past week, but there is still considerable deficiency in Patna (—75%); Simla (—59%); Ludhiana (—71%); Cawnpore (—81%); Lahore (—76%); Jhansi (—72%); Jaipur (—54%); Ahmedabad (—79%); and Rajkot (—57%).

DEPARTMENT OF REVENUE AND AGRICULTURE.

Season and Crop Prospects for the week ending Saturday,
11th July 1903.

Madras.—The rainfall has been good in the West Coast, parts of the Deccan, the Carnatic and light to fair elsewhere. Water for irrigation is generally sufficient. Ploughing, sowing and transplanting continue generally. The standing crops are generally in fair condition. Pasture is sufficient and fodder is procurable. Prices are almost stationary.

Bombay.—Heavy rain fell during the week in parts of the Konkan and Surat. The rainfall was good in parts of Kaira, the Deccan and Belgaum, moderate in parts of Ahmedabad, Broach and Baroda and slight in parts of Larkana, the Panch Mahals, Dharwar, the Upper Sindh Frontier, Thar and Parkar, Bijapur, Rajkot and Wadhwan. More rain is needed in parts of Thar and Parkar, Ahmedabad, Broach, Nasik, Poona, Sholapur and the Carnatic. Seedlings have been damaged by locusts in parts of Sukkur, Larkana, the Panch Mahals and Thana and by insects in parts of the Upper Sindh Frontier and Bijapur. They are suffering from insufficient water-supply in parts of Larkana and are generally in good condition elsewhere. The preparation of lands for the autumn cultivation continues in parts of Ahmedabad, Rajkot and Wadhwan. Sowing has been completed in Thana, almost over in Ratnagiri and is in progress in parts of Sindh, Gujarat, Nasik, Ahmednagar, Poona, Satara, Sholapur, the Carnatic and Kanara. It is being retarded for want of moisture in parts of the Carnatic. Transplantation has been commenced in parts of Surat, Nasik, Poona and Baroda, is progressing in parts of Sindh, the Konkan, Satara and Kanara, but is being retarded for want of sufficient moisture in parts of Karachi, Sukkur and Poona. The fodder-supply is sufficient except in parts of Larkana and the Upper Sindh Frontier. Agricultural stock is in good condition and generally sufficient. The water-supply is deficient in parts of Baroda and in some canals in Sindh. Prices have fallen in three districts, have risen in two and are stationary elsewhere.

Bengal.—The rainfall continued to be general and was heavy in parts of North and East Bengal, but lighter in other parts of the province where more rain is required. The transplantation of winter rice continues. Early rice and jute generally are doing well. In some places in Bihar were visited by locusts, but the injury done was generally slight. Prospects are fair. Fodder and water generally are sufficient. The price of common rice has risen in thirteen districts, has fallen in three and is stationary in the rest.

United Provinces.—Rain has fallen in thirty-six districts. Three inches were recorded in Naini Tal and two in Fyzabad, while Gorakhpur received 1 inch. Elsewhere the falls average from a few cents to half an inch. More rain is still urgently required for sugarcane and extra crops which are suffering and for sowings of autumn crops which are being stopped in parts for want of it. Irrigation is in progress where possible. Locusts appeared in eight districts and did slight damage to standing crops in Almora, Agra, Azamgarh, Benares and Gorakhpur. Supplies are adequate, but fodder is said to be scarce in ten districts. Prices continue to rise.

Punjab.—Good rain has fallen at the Rawalpindi sadar station. Slight falls are reported from Hissar and parts of the Delhi, Umballa, Jullundur, Ferozepore, Lahore, Sialkot, Shahpur and Mooltan districts. The harvesting of extra spring crops has commenced in Mianwali and is nearly completed in the Amritsar district. Sowings of autumn crops continue on irrigated lands. Rain is urgently wanted throughout the province. The condition and prospects of standing crops on irrigated lands generally are good. The outturn of extra spring crops is below the average in Lahore. Crops on unirrigated

lands are withering for want of rain in Sialkot. The extra spring crops have been slightly damaged by hail in parts of Mianwali. Locusts appeared in Mooltan, but did no damage. Cattle are generally in good condition and fodder is said to be sufficient in all districts except in Umballa and parts of the Hissar, Shahpur, Mianwali and Mooltan districts. The price of wheat is rising in Hissar, Delhi, Umballa, Amritsar and Shahpur, but is falling in the Jullundur, Rawalpindi and Mianwali districts. The price of other food-grains are fluctuating.

North-West Frontier Province.—Heavy rain fell in Peshawar and Hazara and slight showers elsewhere. More rain is required everywhere. The prospects of the standing autumn crops are average. Flood irrigation continues favourable in Dera Ismail Khan, but rivers are running low. Fodder is ample and cattle are in good condition. The prices of food-grains are rising slightly in Peshawar, but are falling in Dera Ismail Khan.

Burma.—The rainfall was heavy in the Arakan and Tenasserim divisions and in Toungoo and Henzada, scanty in the dry zone tract and fair elsewhere. Ploughing and sowing for wet-weather paddy are progressing and transplanting has commenced in parts of Thongwa, the Ruby Mines district, Kyaukse and the Southern Shan States. The reaping of dry-weather paddy is still going on in three districts. Sowing of early sesamum is approaching completion and reaping is finished in the Myitha township of Kyaukse. The sowing of ground nuts in Magwe and *juar* in Myingyan has begun. The sesamum and cotton crops in Meiktila are withering for want of rain. More rain is needed in six other districts. In Myingyan the condition of the sesamum and cotton plants has improved with recent rain. Crop prospects on the whole are fair. The price of paddy is practically stationary, slight changes only being reported from three districts.

Central Provinces.—Light to moderately heavy rain has fallen during the week throughout the Provinces. The heaviest falls which were in Raipur and Balaghat exceeded 4 inches. Good rain also fell in Chhatisgarh, the Nagpur country and the plateau districts, but more rain is urgently required in the Nerbudda Valley and in Saugar and Damoh. The monsoon rainfall is everywhere considerably in defect. The sowings of cotton have almost been completed in the Nagpur country and germination is good. Sowings of other autumn crops are busily in progress. Fodder and water are sufficient. Grass-hoppers still exist in the Nimar district and have also appeared in the Damoh and Balaghat districts. Prices have fluctuated slightly. The lowest prices in seers per rupee are:—wheat, 18; gram, 24; rice, 15; and *juar*, 30. The highest prices are:—wheat, 11; gram, 12; rice, 8; and *juar*, 17½. The numbers on famine relief were as follows:—Relief workers—Public Works Department—Raipur—adults, 7,217; children, 1,167; total, 8,384. Road construction and repairs—Bilaspur—adults, 480. Gratuitous relief—otherwise relieved—Raipur—adults, 8,698; children, 2,177; total, 10,875. Bilaspur—adults, 997; children, 253; total, 1,250. Bhandara—adults, 1,283; children, 109; total, 1,392. Balaghat—adults, 321; children, 73; total, 394. Total otherwise relieved—13,911. Dependants—Raipur—adults, 22; children, 912; total, 934. Poor-houses—Raipur—adults, 23; children, 28; total, 51. Minor irrigation grant-in-aid works—Bilaspur—adults, 596; children, 65; total, 661. Total on all forms of relief, 24,421. The number of Public Works Department camps open is 13.

Assam.—Heavy rain fell in the Khasi, Jaintia and the Garo Hills. Slight to moderate rain fell elsewhere. More rain is wanted in the Naga Hills and Manipur. Ploughing for, and sowing and transplanting of late rice, sowing of early rice, and plucking and manufacture of tea and cutting of jute are in progress. Early rice is being reaped in places. The outturn of tea is short in Cachar owing to excessive rain, good in Lakimpur and is fair elsewhere. Blight is still prevalent in Darrang. The prospects of sugarcane are good in Cachar and fair elsewhere. The prospects of early rice are good in Sylhet, Goalpara and the Garo Hills, poor in Kamrup and Manipur and are fair in other places. Some damage has been caused by floods on low lands in Goalpara. Jute has been damaged by insects in

parts of Goalpara. Prospects are good in Sylhet and fair in the Garo Hills. Fodder is insufficient in parts of Sylhet and Kamrup. Prices—common rice—Silchar, 14; Tezpur, 13; Sylhet, Dhubri and Gauhati, 12; Sibsagar, 11; and Nowgong and Dibrugarh, 10 seers per rupee.

Mysore.—Fourteen cents of rain fell in the Civil and Military station. The rainfall was good throughout the province. General prospects are good. Prices have risen slightly in two districts. Cattle are healthy except in parts of Hassan. Water and fodder are sufficient.

Coorg.—Rainfall—15 inches and 94 cents. Transplanting of rice has commenced in parts. Prices of food-grains are stationary. Water and fodder are ample.

Hyderabad.—The rainfall during the week was 1 inch and 75 cents. Nine inches of rain fell in Warrangal on the 12th and 2 inches and 50 cents on the 11th, whereby damage has been caused to houses and tanks. Autumn sowings continue throughout and in few talukas are nearing completion. In three talukas sprouts require rain urgently. Early rice sowings are in progress and lands are being prepared for more sowings. The week's rainfall has augmented the supply of water in tanks. Lands are also being prepared for the spring sowings in a few talukas. Prices:—Wheat, $9\frac{1}{4}$; rice, $8\frac{1}{4}$; and *juar*, $27\frac{1}{4}$ seers per *halli* rupee.

Berar.—The average rainfall during the week was 1 inch and 92 cents. The weather is warm and cloudy. Cotton has germinated in parts of four districts. The preparation of land for the monsoon crops is nearing completion. Sowings of cotton and *juar* are in progress. Fodder is sufficient. Water is sufficient except in parts of the Jalgaon *talug*. The price of *juar* shows a tendency to fall in parts of three districts, but is otherwise stationary.

Rajputana.—Rainfall in cents:—Bikaner, 22; Marwar, 25; Mewar, 40; Kherwara, 202; Deoli, 5; Tonk, 37; Bundi, 163; Jaipur, 49; Kotah, 97; Jhalawar, 81; Bharatpur, 27; Karauli, 23; Dholpur, 130; and Ajmer-Merwara, 6. Showers fell in Jaisalmer and parts of Alwar. The preparation of land for autumn sowings is in progress. The condition of cattle generally is good. Fodder is sufficient. The cheapest price was—Bundi, $38\frac{7}{8}$ seers and the highest price was—Bikaner, $13\frac{1}{2}$ to 17 seers the rupee.

Central India.—The rainfall was general in Indore, Bhopal, Baghelkhand and Bhopawar, partial in Gwalior, Bundelkhand and Malwa, sufficient in Indore, Bhopal and parts of Gwalior, but was insufficient elsewhere. Agricultural operations are in progress in Gwalior, Bhopal, Bundelkhand, Malwa, Bhopawar and Indore. They have not been commenced in Baghelkhand. Crops are fair in Bhopal. Slight damage has been caused by locusts to germinated seed in Dhar and to leaves of trees in other states of the Bhopawar Agency. Agricultural stock and pasturage generally are good. Prices are steady in Gwalior and parts of Bhopawar, normal in Bhopal, Bundelkhand, Baghelkhand and Indore, low in Malwa and are rising slightly in Dhar.

Kashmir.—The weather is partly bright and partly cloudy and rainy. Prices are a little higher than usual. **JAMMU.**—The rainfall was slight. The condition of the standing crops is fair. Fodder generally is sufficient in all parts of the province except in certain tracts. Rain is badly wanted. Autumn sowings have been commenced on irrigated areas, but are being delayed in unirrigated tracts for want of rain. Prices are fluctuating. Wheat sells from 13 to 26 and maize from 16 to 36 seers the rupee.

Nepal.—Rainfall—3.30 inches. The weather is again seasonable, and owing to the good rainfall transplanting of paddy has been resumed. Upland crops are in good condition. The price of rice is $7\frac{1}{4}$ seers for the rupee.

The number of persons in receipt of relief during the preceding and present weeks in each Province is shown in the following table :

Customs Circular No. XVII of 1903.

No. 3958-S.R., dated the 9th July, 1903.

From—R. A. MANT, Esq., Under-Secretary to the Government of India, Finance and Commerce Department,

To—The Secretary to the Government of Bengal, Financial Department.

I am directed to acknowledge the receipt of your letter No. 537-T. F., dated the 21st May 1903, asking for a ruling on the question whether certain portions of ice-making plant, namely, ice moulds, water tanks, ammonia coils, ammonia valves and pipe fittings, should be regarded as component parts of machinery, and be passed free of import duty. It is stated that although these articles are necessary to ice machinery worked by steam power, they can be and are also used with the Simple Ice Machines as well as for purposes quite apart from ice machinery.

2. In reply, I am to say that the Government of India are of opinion that when these articles are imported with, and as essential component parts of, a complete ice machine worked by steam or other non-animal power, they may be admitted free of duty. When they are imported under any other conditions, duty should be charged. The Government of India agree in the view expressed in paragraph 3 of the Board of Revenue's letter of 11th May 1903 that the use of steam as a mere heating agent, and not as a motive power, does not constitute the apparatus, in which it is used, a prime-mover within the meaning of Article 14 of Schedule IV to the Indian Tariff Act, 1894 (VIII of 1894).

ECCLESIASTICAL.

The 16th July, 1903.

No. 298—The following is to be substituted for Rule II of the revised subsidiary rules for the erection, repair and endowment of monuments in Government cemeteries, published with the Home Department Notification No. 247, dated the 7th June 1901 :

II. The Chaplain or other Officer in charge will send on the application, with the drawing and estimates, with a forwarding letter (Form B annexed) to the Executive Engineer in charge of the cemetery. The Executive Engineer will fill in column 7 and examine and countersign the drawing and the estimate, and return the application, with the drawing and the estimate, to the Chaplain.

The foregoing procedure applies to the case of monuments of all other kinds and to the case of single stone monuments erected by soldiers to their deceased comrades, for the maintenance and repair of which the State is responsible. It does not apply to other single stone monuments. A single stone monument is a monument consisting only of a plain cross head stone or slab over a masonry foundation 3' x 2'. The total height of such monuments must not exceed 3 feet in the case of masonry graves and 3 feet 6 inches in the case of non-masonry graves.

The repair of fragile or costly work liable to receive damage cannot be undertaken by Government.

for each complete sum of £ 5 and 12 annas for the remainder provided that if the remainder does not exceed £ 1, the charge for it shall be 3 annas; if it does not exceed £ 2, the charge for it shall be 5 annas; if it does not exceed £ 3, the charge for it shall be 8 annas and if it does not exceed £ 4, the charge for it shall be 10 annas.

No. 4292-S. R.—In exercise of the power conferred by section 21 of the Indian Post Office Act, 1898 (VI of 1898), the Governor General in Council is pleased to direct that the following rule shall be substituted for rule 8 of the rules published with the Notification of the Government of India in the Department of Finance and Commerce, No. 1429-C. S. R., dated the 30th March 1899, as amended by the like Notification No. 3566-S.R., dated the 4th August 1899:

8. A book packet may contain any of the following articles:

- (1) newspapers and publications of all kinds; books, whether blank or printed; engravings; photographs, drawings, plans, maps, printed music, and proof-sheets, with or without the manuscript relating thereto; blank paper, parchment, or card-board; and, generally, anything on paper, parchment or card-board which is printed, engraved, lithographed, papyrographed, or produced by any other mechanical process easy to recognise, except the copying press and the type-writer:

Provided that no card bearing the heading "Postcard" shall be allowed to be transmitted open by post as a book packet;

- (2) business papers, written or drawn wholly or partly by hand, not being of the nature of a letter or having the character of a personal communication, such as deeds, bills of lading, invoices, accounts, proposals and policies of assurance, powers-of-attorney, licenses, statistical returns submitted by or to public officers in their official capacities, and manuscript of all kinds, including manuscript music, not being of the nature of personal correspondence;
- (3) written letters of old date which have previously passed through the post and served their original purpose;
- (4) reproductions of a manuscript or type-written original obtained by a mechanical process of polygraphy (chromography, mimeography, etc.), provided they are handed in at the post office counter and number at least 20 copies precisely identical;
- (5) circulars, *i.e.*, printed notices and printed letters, provided they contain nothing in writing except (a) corrections of press errors, (b) the date of despatch and the name and address and description of the sender and the name of the addressee, and (c) the place, date, and hour, when the circular is a notice of meeting or appointment, and in the case of a notice of meeting, the objects of the meeting.

With any of the above-mentioned articles may be sent anything that is necessary for their safe transmission through the post, such as rollers, etc., and with any of the articles mentioned in clause (1) may be sent any legitimate binding, mounting, or covering, loose or attached, and anything that ordinarily appertains to such articles, as pens and pencils in the case of a pocket-book, photographs in the case of a photograph-book, and card-plates in the case of visiting cards.

Manuscript for the press shall not be reckoned as having the character of personal correspondence within the meaning of clause (2), and may be sent as a book packet.

ORGANISATION.

No. 718.—With the approval of the Governor-General in Council it is hereby notified that, with effect from the 1st August 1903, the following procedure will be followed when notifying the decisions of the Governor-General in Council affecting the Army:

- (1) The present system of publishing orders to the Army in G. G. Os., G. O. C. Cs. or I. A. Cs. will be discontinued.
- (2) All orders or notifications to the Army will appear in future either in the *Gazette of India*, or in orders published by the Adjutant-General's Department to be styled "India Army Orders."
- (3) In the *Gazette of India* will be published all such commissions, appointments, promotions, retirements, rewards, legal notifications, despatches connected with field operations, or other notifications which it is usual or expedient to publish in the *Gazette*.
- (4) Changes in organisation, etc., will as a rule be notified only in India Army Orders, as also rewards of a minor description, such as the grant of meritorious service medals.
- (5) India Army Orders will commence with the notification of all Royal Warrants, and Regulations or orders promulgated under the authority of the Secretary of State for India or the Governor-General in Council, and will be prefaced accordingly. Such notifications will be followed by orders which hitherto have only appeared in G. O. C. C.
- (6) In the place of India Army Circulars, there will be a quarterly appendix to the India Army Orders. This will contain only corrections to the India Army Regulations, and will be printed separately in the same form and style as at present, so as to facilitate the correction of books of regulations.

H. H. RISLEY,
Offg. Secretary to the Government of India.

GOVERNMENT OF INDIA.

DEPARTMENT OF REVENUE AND AGRICULTURE.

Rainfall summary for the seven days ending at 8 a.m. on Thursday, the 16th July 1903, based on the India Daily Weather Reports of the period.

It will be remembered that at the close of last week the barometer had fallen quickly over India and that conditions were once again becoming more favourable for the extension of monsoon rainfall over the country. This tendency to improved conditions has been maintained during the week under review. On the 10th rain was practically confined to the west coast, the Burma coast and part of north-east India, on the 11th there occurred a slight extension of rainfall into the central districts and on the 12th and 13th rain extended over the greater part of the country. This fairly general rainfall has been maintained up to the close of the week, and the only areas in which the fall has been still delayed or is still only partial are parts of the Gangetic Plain, of the Himalayas, of the Central India Plateau and of Gujarat. The daily weather charts of the 14th, 15th and 16th showed that a slight cyclonic storm lay over Kathiawar and that a couple of cyclonic storms were passing from the head of the Bay into central or upper India, so that at the close of the week the general conditions were favourable for the continuance of rain over the greater part of the country.

The Bay of Bengal monsoon current has been somewhat interrupted in its flow inland by the formation of the two storms mentioned above, so that, while Burma coast has received steady daily rain, north-east India has recorded more or less scattered and partial rainfall. Thus, while Tavoy in Tenasserim received 18·37" during the week, Cherra Poonjee received 21·33" on the 10th and practically nothing during the remainder of the week.

The Bombay or Arabian Sea monsoon current has been strong. At first the rainfall from this source was confined to the coast, but rain commenced to extend inland on the 11th, and by the close of the week showers were received over nearly the whole area fed by this current. Towards the close of the week a storm formed over the north of the Arabian Sea and drifted into Kathiawar causing very strong winds along the north Bombay coast. During the week Calicut received 13·37", Ratnagiri 24·54", Veraval 8·07" and Dwarka 13·14" of rain.

The week's rainfall exceeded the normal on the Burma coast, the Brahmaputra valley, and in the Burdwan, Waltair, Cuttack, Raipur, Calicut, Bombay, Rajkot, Bijapur, Hyderabad, Mysore and Madura subdivisions. The excess amounted to 10·49" in the Bombay, to 5·81" in the Calicut, to 2·30" in the Cuttack and to 1·73" in the Burdwan subdivisions. In other parts of the country the rainfall remained light and the deficiency exceeded 1" in the Narayanganj, Patna, Simla, Ludhiana, Cawnpore, Jubbulpore, Jhansi and Ahmedabad subdivisions.

The condition of the seasonal rainfall has been improved in some parts of the country by the rainfall of the past week, but there is still considerable deficiency in Patna (—75%); Simla (—59%); Ludhiana (—71%); Cawnpore (—81%); Lahore (—76%); Jhansi (—72%); Jaipur (—54%); Ahmedabad (—79%); and Rajkot (—57%).

DEPARTMENT OF REVENUE AND AGRICULTURE.

Season and Crop Prospects for the week ending Saturday,
11th July 1903.

Madras.—The rainfall has been good in the West Coast, parts of the Deccan, the Carnatic and light to fair elsewhere. Water for irrigation is generally sufficient. Ploughing, sowing and transplanting continue generally. The standing crops are generally in fair condition. Pasture is sufficient and fodder is procurable. Prices are almost stationary.

Bombay.—Heavy rain fell during the week in parts of the Konkan and Surat. The rainfall was good in parts of Kaira, the Deccan and Belgaum, moderate in parts of Ahmedabad, Broach and Baroda and slight in parts of Larkana, the Panch Mahals, Dharwar, the Upper Sindh Frontier, Thar and Parkar, Bijapur, Rajkot and Wadhwan. More rain is needed in parts of Thar and Parkar, Ahmedabad, Broach, Nasik, Poona, Sholapur and the Carnatic. Seedlings have been damaged by locusts in parts of Sukkur, Larkana, the Panch Mahals and Thana and by insects in parts of the Upper Sindh Frontier and Bijapur. They are suffering from insufficient water-supply in parts of Larkana and are generally in good condition elsewhere. The preparation of lands for the autumn cultivation continues in parts of Ahmedabad, Rajkot and Wadhwan. Sowing has been completed in Thana, almost over in Ratnagiri and is in progress in parts of Sindh, Gujarat, Nasik, Ahmednagar, Poona, Satara, Sholapur, the Carnatic and Kanara. It is being retarded for want of moisture in parts of the Carnatic. Transplantation has been commenced in parts of Surat, Nasik, Poona and Baroda, is progressing in parts of Sindh, the Konkan, Satara and Kanara, but is being retarded for want of sufficient moisture in parts of Karachi, Sukkur and Poona. The fodder-supply is sufficient except in parts of Larkana and the Upper Sindh Frontier. Agricultural stock is in good condition and generally sufficient. The water-supply is deficient in parts of Baroda and in some canals in Sindh. Prices have fallen in three districts, have risen in two and are stationary elsewhere.

Bengal.—The rainfall continued to be general and was heavy in parts of North and East Bengal, but lighter in other parts of the province where more rain is required. The transplantation of winter rice continues. Early rice and jute generally are doing well. In some places in Bihar were visited by locusts, but the injury done was generally slight. Prospects are fair. Fodder and water generally are sufficient. The price of common rice has risen in thirteen districts, has fallen in three and is stationary in the rest.

United Provinces.—Rain has fallen in thirty-six districts. Three inches were recorded in Naini Tal and two in Fyzabad, while Gorakhpur received 1 inch. Elsewhere the falls average from a few cents to half an inch. More rain is still urgently required for sugarcane and extra crops which are suffering and for sowings of autumn crops which are being stopped in parts for want of it. Irrigation is in progress where possible. Locusts appeared in eight districts and did slight damage to standing crops in Almora, Agra, Azamgarh, Benares and Gorakhpur. Supplies are adequate, but fodder is said to be scarce in ten districts. Prices continue to rise.

Punjab.—Good rain has fallen at the Rawalpindi sadar station. Slight falls are reported from Hissar and parts of the Delhi, Umballa, Jullundur, Ferozepore, Lahore, Sialkot, Shahpur and Mooltan districts. The harvesting of extra spring crops has commenced in Mianwali and is nearly completed in the Amritsar district. Sowings of autumn crops continue on irrigated lands. Rain is urgently wanted throughout the province. The condition and prospects of standing crops on irrigated lands generally are good. The outturn of extra spring crops is below the average in Lahore. Crops on unirrigated

lands are withering for want of rain in Sialkot. The extra spring crops have been slightly damaged by hail in parts of Mianwali. Locusts appeared in Mooltan, but did no damage. Cattle are generally in good condition and fodder is said to be sufficient in all districts except in Umballa and parts of the Hissar, Shahpur, Mianwali and Mooltan districts. The price of wheat is rising in Hissar, Delhi, Umballa, Amritsar and Shahpur, but is falling in the Jullundur, Rawalpindi and Mianwali districts. The price of other food-grains are fluctuating.

North-West Frontier Province.—Heavy rain fell in Peshawar and Hazara and slight showers elsewhere. More rain is required everywhere. The prospects of the standing autumn crops are average. Flood irrigation continues favourable in Dera Ismail Khan, but rivers are running low. Fodder is ample and cattle are in good condition. The prices of food-grains are rising slightly in Peshawar, but are falling in Dera Ismail Khan.

Burma.—The rainfall was heavy in the Arakan and Tenasserim divisions and in Toungoo and Henzada, scanty in the dry zone tract and fair elsewhere. Ploughing and sowing for wet-weather paddy are progressing and transplanting has commenced in parts of Thongwa, the Ruby Mines district, Kyaukse and the Southern Shan States. The reaping of dry-weather paddy is still going on in three districts. Sowing of early sesamum is approaching completion and reaping is finished in the Myitha township of Kyaukse. The sowing of ground nuts in Magwe and *juar* in Myingyan has begun. The sesamum and cotton crops in Meiktila are withering for want of rain. More rain is needed in six other districts. In Myingyan the condition of the sesamum and cotton plants has improved with recent rain. Crop prospects on the whole are fair. The price of paddy is practically stationary, slight changes only being reported from three districts.

Central Provinces.—Light to moderately heavy rain has fallen during the week throughout the Provinces. The heaviest falls which were in Raipur and Balaghat exceeded 4 inches. Good rain also fell in Chhatisgarh, the Nagpur country and the plateau districts, but more rain is urgently required in the Nerbudda Valley and in Saugar and Damoh. The monsoon rainfall is everywhere considerably in defect. The sowings of cotton have almost been completed in the Nagpur country and germination is good. Sowings of other autumn crops are busily in progress. Fodder and water are sufficient. Grass-hoppers still exist in the Nimar district and have also appeared in the Damoh and Balaghat districts. Prices have fluctuated slightly. The lowest prices in seers per rupee are:—wheat, 18; gram, 24; rice, 15; and *juar*, 30. The highest prices are:—wheat, 11; gram, 12; rice, 8; and *juar*, 17½. The numbers on famine relief were as follows:—Relief workers—Public Works Department—Raipur—adults, 7,217; children, 1,167; total, 8,384. Road construction and repairs—Bilaspur—adults, 480. Gratuitous relief—otherwise relieved—Raipur—adults, 8,698; children, 2,177; total, 10,875. Bilaspur—adults, 997; children, 253; total, 1,250. Bhandara—adults, 1,283; children, 109; total, 1,392. Balaghat—adults, 321; children, 73; total, 394. Total otherwise relieved—13,911. Dependants—Raipur—adults, 22; children, 912; total, 934. Poor-houses—Raipur—adults, 23; children, 28; total, 51. Minor irrigation grant-in-aid works—Bilaspur—adults, 596; children, 65; total, 661. Total on all forms of relief, 24,421. The number of Public Works Department camps open is 13.

Assam.—Heavy rain fell in the Khasi, Jaintia and the Garo Hills. Slight to moderate rain fell elsewhere. More rain is wanted in the Naga Hills and Manipur. Ploughing for, and sowing and transplanting of late rice, sowing of early rice, and plucking and manufacture of tea and cutting of jute are in progress. Early rice is being reaped in places. The outturn of tea is short in Cachar owing to excessive rain, good in Lakimpur and is fair elsewhere. Blight is still prevalent in Darrang. The prospects of sugarcane are good in Cachar and fair elsewhere. The prospects of early rice are good in Sylhet, Goalpara and the Garo Hills, poor in Kamrup and Manipur and are fair in other places. Some damage has been caused by floods on low lands in Goalpara. Jute has been damaged by insects in

parts of Goalpara. Prospects are good in Sylhet and fair in the Garo Hills. Fodder is insufficient in parts of Sylhet and Kamrup. Prices—common rice—Silchar, 14; Tezpur, 13; Sylhet, Dhubri and Gauhati, 12; Sibsagar, 11; and Nowgong and Dibrugarh, 10 seers per rupee.

Mysore.—Fourteen cents of rain fell in the Civil and Military station. The rainfall was good throughout the province. General prospects are good. Prices have risen slightly in two districts. Cattle are healthy except in parts of Hassan. Water and fodder are sufficient.

Coorg.—Rainfall—15 inches and 94 cents. Transplanting of rice has commenced in parts. Prices of food-grains are stationary. Water and fodder are ample.

Hyderabad.—The rainfall during the week was 1 inch and 75 cents. Nine inches of rain fell in Warrangal on the 12th and 2 inches and 50 cents on the 11th, whereby damage has been caused to houses and tanks. Autumn sowings continue throughout and in few talukas are nearing completion. In three talukas sprouts require rain urgently. Early rice sowings are in progress and lands are being prepared for more sowings. The week's rainfall has augmented the supply of water in tanks. Lands are also being prepared for the spring sowings in a few talukas. Prices:—Wheat, $9\frac{1}{4}$; rice, $8\frac{1}{4}$; and *juar*, $27\frac{1}{4}$ seers per *halli* rupee.

Berar.—The average rainfall during the week was 1 inch and 92 cents. The weather is warm and cloudy. Cotton has germinated in parts of four districts. The preparation of land for the monsoon crops is nearing completion. Sowings of cotton and *juar* are in progress. Fodder is sufficient. Water is sufficient except in parts of the Jalgaon *talug*. The price of *juar* shows a tendency to fall in parts of three districts, but is otherwise stationary.

Rajputana.—Rainfall in cents:—Bikaner, 22; Marwar, 25; Mewar, 40; Kherwara, 202; Deoli, 5; Tonk, 37; Bundi, 163; Jaipur, 49; Kotah, 97; Jhalawar, 81; Bharatpur, 27; Karauli, 23; Dholpur, 130; and Ajmer-Merwara, 6. Showers fell in Jaisalmer and parts of Alwar. The preparation of land for autumn sowings is in progress. The condition of cattle generally is good. Fodder is sufficient. The cheapest price was—Bundi, $38\frac{7}{8}$ seers and the highest price was—Bikaner, $13\frac{1}{2}$ to 17 seers the rupee.

Central India.—The rainfall was general in Indore, Bhopal, Baghelkhand and Bhopawar, partial in Gwalior, Bundelkhand and Malwa, sufficient in Indore, Bhopal and parts of Gwalior, but was insufficient elsewhere. Agricultural operations are in progress in Gwalior, Bhopal, Bundelkhand, Malwa, Bhopawar and Indore. They have not been commenced in Baghelkhand. Crops are fair in Bhopal. Slight damage has been caused by locusts to germinated seed in Dhar and to leaves of trees in other states of the Bhopawar Agency. Agricultural stock and pasturage generally are good. Prices are steady in Gwalior and parts of Bhopawar, normal in Bhopal, Bundelkhand, Baghelkhand and Indore, low in Malwa and are rising slightly in Dhar.

Kashmir.—The weather is partly bright and partly cloudy and rainy. Prices are a little higher than usual. **JAMMU.**—The rainfall was slight. The condition of the standing crops is fair. Fodder generally is sufficient in all parts of the province except in certain tracts. Rain is badly wanted. Autumn sowings have been commenced on irrigated areas, but are being delayed in unirrigated tracts for want of rain. Prices are fluctuating. Wheat sells from 13 to 26 and maize from 16 to 36 seers the rupee.

Nepal.—Rainfall—3.30 inches. The weather is again seasonable, and owing to the good rainfall transplanting of paddy has been resumed. Upland crops are in good condition. The price of rice is $7\frac{1}{4}$ seers for the rupee.

The number of persons in receipt of relief during the preceding and present weeks in each Province is shown in the following table :

Customs Circular No. XVII of 1903.

Ordered, that the circular be published for general information in the Supplement to the *Gazette of India*.

E. N. BAKER,

Secretary to the Government of India.

Customs Circular No. XVII of 1903.

No. 3958-S.R., dated the 9th July, 1903.

From—R. A. MANT, Esq., Under-Secretary to the Government of India, Finance and Commerce Department,

To—The Secretary to the Government of Bengal, Financial Department.

I am directed to acknowledge the receipt of your letter No. 537-T. F., dated the 21st May 1903, asking for a ruling on the question whether certain portions of ice-making plant, namely, ice moulds, water tanks, ammonia coils, ammonia valves and pipe fittings, should be regarded as component parts of machinery, and be passed free of import duty. It is stated that although these articles are necessary to ice machinery worked by steam power, they can be and are also used with the Simple Ice Machines as well as for purposes quite apart from ice machinery.

2. In reply, I am to say that the Government of India are of opinion that when these articles are imported with, and as essential component parts of, a complete ice machine worked by steam or other non-animal power, they may be admitted free of duty. When they are imported under any other conditions, duty should be charged. The Government of India agree in the view expressed in paragraph 3 of the Board of Revenue's letter of 11th May 1903 that the use of steam as a mere heating agent, and not as a motive power, does not constitute the apparatus, in which it is used, a prime-mover within the meaning of Article 14 of Schedule IV to the Indian Tariff Act, 1894 (VIII of 1894).

DEPARTMENT OF REVENUE AND AGRICULTURE.

Rainfall summary for the seven days ending at 8 a.m. on Thursday, the 23rd July 1903, based on the India Daily Weather Reports of the period.

During the past week the pressure has been steadily lower than usual over Lower Bengal and the head of the Bay, where a series of small shallow storms had formed, and over the Indus Valley and the north-west dry area. At the same time pressure has been normal or higher than usual over the south of the Bay and of the Peninsula, so that pressure differences have been greater than usual and a fairly strong monsoon has been determined to northern India.

The Bay of Bengal monsoon was light and irregular on the 17th, when, with the exception of local heavy showers at Tavoy (3'16"), Mergui (2'60") and Silchar (3'15"), the rainfall over Burma and north-east India was generally light and scattered. Similar conditions prevailed on the 18th, but on the 19th a storm was shown over Orissa and a general easterly wind carried rain up the Gangetic plain, whence Gorakhpur reported 4'06", Bareilly 2'49", Allahabad 2'00" and Lucknow 3'41", while Gopalpur to the south of the storm reported 3'14". On the 20th rain had fallen off somewhat over the Gangetic plain, though Lucknow reported over 5'00", but had become more general over Bengal, Assam and Burma, whence Moulmein reported 3'00" and Cherra Poonjee 4'09". The reports for the 21st showed that general rain continued to fall over Burma and north-east India with amounts varying between 2'00" and 3'00" at several stations, but on the 22nd and 23rd rain fell off very considerably in this area and, except along the Burma coast, no heavy rain was reported.

The Arabian Sea monsoon has been generally light along the west coast of the Peninsula, and, though rainfall amounts exceeding 2'00" were reported in this region on the 17th, the amounts quickly diminished and from the 19th to the close of the week the rainfall was only moderate on the coast and very light inland. On the north Bombay coast, on the contrary, there has been a strong flow of monsoon winds and during the week rain has steadily increased over Gujarat, Sind, the Central India plateau, the Central Provinces and north-west India. On the 17th and 18th well distributed rain measuring about 1'00" in twenty-four hours was received over these areas. On the 19th the fall increased about 3'00" falling at Ahmedabad and Deesa, Chakrata and Mussooree and falls of about 1'00" in such dry districts as Bikanir and Sind. On the 20th Jodhpur and Dwarka received over 3'00", the north west Himalayas between 2'00" and 3'00", and practically the whole of central and north-west India more or less rain. These favourable conditions continued on the 21st, when the principal falls were 6'16" at Chakrata, 2'07" at Mooltan and 2'00" to 4'00" all over Gujarat and southern Rajputana. During the last two days of the week the fall became much lighter over Gujarat, but moderately heavy rain continued over north-west and central India.

The rainfall table shows that the week's fall has exceeded the normal over the Burma coast, the west Himalayas, the west Gangetic Plain, the north-west dry area, the north of the east coast, the Central India plateau, Gujarat, the west Satpuras and over the Darbhanga, Bahraich, Bellary and Bijapur subdivisions, while it has been lighter than usual elsewhere. The excess has been greatest and more than 4'00" in the Ahmedabad and Simla subdivisions, more than 3'00" in the Ludhiana and Rajkot subdivisions and more than 2'00" in the Jaipur subdivision, while the deficiency has been greatest and more than 3'00" in the Bombay subdivision, more than 2'00" in the Jubbulpore subdivision and more than 1'00" in Bengal, the Brahmaputra Valley and the Burdwan subdivision.

The condition of the seasonal rainfall has been greatly improved by the week's rainfall and the only areas where the seasonal rainfall is more than 50% in defect are the Patna subdivision (—68%), the Cawnpore subdivision (—54%), the Lahore subdivision (—51%) and the Jhansi subdivision (—58%).

Secretary to the Government of India

GOVERNMENT OF INDIA.

DEPARTMENT OF REVENUE AND AGRICULTURE.

Season and Crop Prospects for the week ending Saturday,
18th July 1903.

Madras.—The rainfall has been heavy in the West Coast, the hills and the Circars, but only light to fair elsewhere. Water for irrigation is generally sufficient. Ploughing, sowing and transplanting continue generally. Standing crops are generally in a fair condition. Pasture is sufficient and fodder is procurable. The condition of cattle is good. Prices are almost stationary.

Bombay.—Heavy rain fell during the week in parts of Broach, Surat, the Konkan, Nasik, Poona, Satara, Belgaum and Rajkot, good in parts of Karachi, Thar and Parkar, Ahmedabad, the Panch Mahals, Kaira, Khandesh and Baroda, moderate in parts of Sukkur, Larkana, Hyderabad, the Upper Sindh Frontier, Dharwar and Wadhwan and slight in parts of Ahmednagar, Sholapur and Bijapur. More rain is needed in parts of Ahmedabad, Surat, Khandesh, Sholapur and the Carnatic. Seedlings have been damaged by insects in parts of the Upper Sindh Frontier, Thar and Parkar, Nasik and Bijapur, but are generally in good condition elsewhere. Sowing has commenced in parts of the Panch Mahals, Broach and Baroda and is progressing in parts of Sindh, Ahmedabad, Kaira, Surat, the Deccan, the Carnatic, Ratnagiri, Kanara, Rajkot and Wadhwan and has been retarded for want of rain in parts of Bijapur. Transplantation has commenced in parts of Poona and is progressing in parts of Sindh, Surat, the Konkan, Nasik and Satara. The fodder-supply is sufficient except in parts of Larkana and the Upper Sindh Frontier. Agricultural stock is in good condition and is generally sufficient. Water is deficient in some canals in Sindh. Prices have fallen in five districts, have risen in three and are stationary elsewhere.

Bengal.—The rainfall was general throughout the province, the fall being heavy in the Orissa division. More rain is wanted in the Burdwan and Patna divisions and in some districts of the Presidency, Bhagalpur and Chota Nagpur divisions and also in the district of Chittagong. The prospects of the standing crops generally are good. The harvesting of early rice and jute has commenced in places. Transplantation of winter rice continues. The early autumn crop is being damaged by insects in Saran and Malda. Cattle-disease is reported from eight districts. Fodder and water are generally sufficient. The price of common rice has risen in ten districts, has fallen in eight and is stationary in the rest.

United Provinces.—Rain has fallen throughout the Provinces with the exception of Ghazipur and has greatly benefited the standing crops. Dehra Dûn, Gonda and Jhansi each received over 3 inches; Meerut, Sitapur, Kheri, Partabgarh, Fyzabad, Ballia and Jalaun 2 inches and fourteen other districts over 1 inch. The sowing of the autumn crops has recommenced in twenty-three districts where the rainfall has been sufficient. Irrigation continues where necessary. Locusts appeared in Aligarh, Agra and Rae Bareilly, but did no damage. Supplies are ample, but fodder is reported to be scarce in eight districts. Prices are stationary or rising slightly.

Punjab.—Good rain has fallen in all districts except at Mianwali. The harvesting of extra spring crops is nearly over in Amritsar, but still continues in the Mianwali district. Sowings of autumn crops have commenced on unirrigated lands in several districts where sufficient rain has fallen. Condition and prospects of standing crops are good. Autumn crops have benefited by recent rain. Locusts appeared in the Hissar and Ferozepore districts, but did no damage. Cattle are generally in good condition. Fodder is reported to be sufficient in all districts except in parts of the Shahpur, Mianwali and Mooltan districts. The price of wheat is falling in the Dehli, Jullundur, Ferozepore,

Amritsar, Shahpur, Rawalpindi and Mianwali districts. It is stationary elsewhere. The prices of other food-grains are fluctuating.

North-West Frontier Province.—Fairly good rain has fallen in Peshawar, Dera Ismail Khan and Hazara. Elsewhere the falls have been scanty. More rain is needed all over the Province. Prospects of the standing autumn crops are good and have been improved by recent rains. Flood irrigation continues favourable in Dera Ismail Khan. The Indus is rising, while the Swat and Kabul rivers are running low. Fodder is abundant. The condition of cattle is good. Stocks of food-grains are ample. Prices are stationary both in Peshawar and Dera Ismail Khan.

Burma.—The rainfall was heavy in Tenasserim, the coast districts and sufficient in most places, while more is required in the central area. Ploughing and sowing for wet-weather paddy are making steady progress and transplanting has begun in eight more districts. Reaping of dry-weather paddy is completed in the Myittha township of the Kyaukse district and still continues in parts of Pakokku and Lower Chindwin. Ploughing for *juar* in Mandalay and reaping of early sesamum in the Kyaukse township of the Kyaukse district have commenced. Ploughing for maize in Sagaing is at a standstill for want of rain. In the Singaing township of Kyaukse early wet-weather paddy has withered, owing to lack of water from the Minhla tank. Nurseries in Shwebo are drying in parts, owing to absence of rain. The standing sesamum and cotton crops are recovering in Meiktila owing to recent rain. The condition of crops is good in places and fair in others. The price of paddy is stationary except for seven centres where slight changes have occurred.

Central Provinces.—Moderate to heavy rain has fallen throughout the Provinces, except in Hoshangabad, where the rainfall is still exceedingly short. Autumn sowings are in rapid progress. Transplanting of rice and thinning operations have commenced in the Nagpur country and in Chhatisgarh. Germination is generally good but in Narsinghpur and Nimar some resowing has been necessary. Weeding of cotton has commenced in Chhindwara and Wardha. Fodder and water are sufficient. Grass-hoppers are reported from the Nimar, Raipur and Bilaspur districts, but have as yet caused no damage to crops. Prices have fluctuated but slightly. The lowest prices in seers per rupee are :—wheat, 19; gram, 24; rice, 14½; and *juar*, 30. The highest prices are :—wheat, 10½; gram, 12; rice, 8; and *juar*, 17½. The numbers on famine relief were as follows :—Relief workers—Public Works Department—Raipur—adults, 6,596; children, 1,076; total, 7,672. Road construction and repairs—Bilaspur—adults, 515. Gratuitous relief—otherwise relieved—Raipur—adults, 7,946; children, 1,984; total, 9,930. Bilaspur—adults, 978; children, 234; total, 1,212. Bhandara—adults, 1,300; children, 94; total, 1,394. Balaghat—adults, 310; children, 91; total, 401. Total otherwise relieved—12,937; Dependants—Raipur—adults, 14; children, 821; total, 835. Poor-houses—Raipur—adults, 32; children, 28; total, 60. Minor irrigation grant-in-aid works—Bilaspur—adults, 345; children, 50; total, 395. Total on all forms of reliefs, 22,414. The number of Public Works Department camps open is 13.

Assam.—Slight to moderate rain fell in all districts. More rain is wanted in the Naga Hills and Manipur. Ploughing for and transplanting of late rice, harvesting of early rice, plucking and manufacture of tea and cutting of jute are in progress. Sowing of early rice still continues in Cachar and Kamrup. The outturn of tea is good in Darrang and Lakhimpur and fair elsewhere. Blight is still prevalent in Darrang. Prospects of sugarcane are good in Cachar and fair elsewhere. Prospects of early rice are good in Sylhet, Goalpara and the Garo Hills, poor in Cachar, Kamrup and Manipur and fair in other places. Some damage has been caused by floods on low lands in Goalpara. Prospects of jute are fair in the Garo Hills, good in Sylhet and Goalpara except in parts where they have been damaged by insects. Fodder is insufficient in parts of Sylhet and Kamrup. Prices—common rice—Silchar, 15; Sylhet and Tezpur, 13; Dhubri and Gauhati, 12; Sibsagar, 11; and Nowgong and Dibrugarh, 10 seers per rupee.

Mysore.—Thirty-four cents of rain fell in the Civil and Military station. Good rain has fallen throughout the province. General prospects are good. Prices are slightly fluctuating in three districts. Cattle are healthy except in parts of Hassan. Water and fodder are sufficient.

Coorg.—Rainfall—13 inches and 88 cents. Transplanting of rice continues. The price of food-grains is stationary. Water and fodder are ample.

Berar.—The rain during the week has averaged 3 inches and 8 cents. The weather is warm and cloudy. Cotton plants are in good condition. Preparation of land is in progress and sowing of monsoon crops continues. Weeding operations have commenced. Fodder and water are sufficient. Prices are almost stationary.

Hyderabad.—The rainfall during the week ended 18th July was 2 inches and 25 cents. Prospects are good. Autumn sowings continue and in some talukas are nearing completion. Lands are being prepared for early rice and spring sowings. Prices :—Wheat, 9½; rice, 8½; and *juar*, 28½ seers per *halli* rupee.

Rajputana.—Rainfall in cents :—Bikaner, average 282; Marwar, average 165; Jaisalmer, average 118; Abu, 514; Sirohi, 85; Mewar, 407; Deoli, 58; Tonk, 185; Bundi, 313; Shahpur, 138; Kotah, 567; Jhalawar, 156; Jaipur, 180; Kishengarh, 94; Alwar, average 137; Bharatpur, 118; Karauli, 262; Dholpur, average 189; and Ajmer-Merwara, average 246. Ploughing and sowings for the autumn crops are in progress. The condition of cattle is generally good. Fodder is sufficient. The cheapest price is—Bundi, 36½; the highest—Sirohi, 14 seers the rupee.

Central India.—The rainfall was partial in Malwa, general elsewhere and sufficient in Bhopal, Baghelkhand, parts of Gwalior, Bundelkhand and Indore and insufficient elsewhere. Agricultural operations have started in Baghelkhand and are in progress elsewhere. Crops are fair in Bhopal and Indore and good in Bhopawar. Crops have been slightly damaged by locusts in parts of Dhar and Barwani. Agricultural stock and pasturage are generally good, except in Bhopawar, where rinderpest has appeared in Dhar. Prices are steady in Gwalior and parts of Bhopawar, normal in Bhopal, Bundelkhand, Baghelkhand and Indore, low in Malwa and are falling in Dhar.

Kashmir.—The weather is rainy. The river is overflowed and crops of riverside villages have suffered. Prices are a little higher. **JAMMU:**—Good rain has fallen throughout the province and is beneficial to the standing crops and autumn sowings which have commenced. Prices are fluctuating. Wheat is selling from 13 to 26 and maize from 16 to 36 seers the rupee. The condition of the standing crops is fair. Fodder is generally sufficient.

Nepal.—Rainfall during the week 125 inches which is insufficient for lowland paddy. The weather is bright and hot. Upland crops are in good condition. The price of rice is 6½ seers for the rupee.

NOTICES.

All communications relating to Act V (the Inventions and Designs Act) of 1888 should be addressed to the "Secretary to the Government of India, Department of Revenue and Agriculture (PATENTS BRANCH), CALCUTTA."

The Office of the Secretary under the Inventions and Designs Act, 1888, will in future be open for the transaction of business from 11 A.M. to 3 P.M. on all days, except Sundays and gazetted holidays.

The Government of India are advised that, as trade marks are not "designs" within the meaning of the Act, they cannot be registered under Part II.

The fees payable under the fourth and sixth schedules are now collected in cash, and applicants are warned that they must be responsible for any delay in cashing cheques.

Cheques and money orders will only be accepted if made payable at Calcutta to the Secretary under the Inventions and Designs Act.

Copies of the weekly notifications, and of the quarterly lists, of applications and specifications filed in the Secretary's office are now on sale to the public at one anna and eight annas a copy respectively.

Attention is requested to the rules made by the Government on the 10th October 1895 in regard to the preparation of applications, specifications, and drawings.

All applications made under the Inventions and Designs Act, V of 1888, will from this date (December 19th, 1896) lie in the visitor's room of the Patents Office for ten days from the date of the *Gazette of India* in which their filing may have been notified: or, if the tenth day is a holiday, till the evening of the office day next following.

At the time of delivering or sending an application for leave to file a specification the applicant shall cause a duplicate copy of the application to be delivered or sent therewith to the Secretary.

No Official Orders or Notifications, the Publication of which in the GAZETTE OF INDIA is required by Law, or which it has been customary to publish in the CALCUTTA GAZETTE, will be included in the SUPPLEMENT. For such Orders and Notifications the body of the GAZETTE must be looked to.

GOVERNMENT OF INDIA.

DEPARTMENT OF REVENUE AND AGRICULTURE.

Rainfall summary for the seven days ending at 8 a.m. on Thursday, the 2nd July 1903, based on the India Daily Weather Reports of the period.

The feeble cyclonic storm which was crossing the Bengal Coast on the morning of the 25th and a second small depression which formed over Central Bengal on the 28th both occasioned fair to moderately heavy rain over North-East India, the principal falls having been 7'45" at Sihsagar and 3'50" at Iezpur on the 26th; 7'94" at Cherra Poonjee, 6'61" at Darjeeling and 5'09" at Gauhati on the 27th; and 10'10" at Dhubri and 9'25" at Jalpaiguri on the 28th. During the 28th the second depression filled up, and, though Cherra Poonjee reported a fall of 18'64" of rain and Chittagong 4'34" on that day, the rainfall area had already begun to diminish. On the 29th and 30th of June and the 1st and 2nd of July rain continued to decrease both in amount and extent and during the last two days only showers were received over North-East India.

Over the Arabian Sea the monsoon current has been steadily weak throughout the period under review. Along the West Coast the rainfall has been generally light and the incursions of monsoon winds and rainfall into the Deccan, the Satpuras and the Central India Plateau have been feeble and intermittent. The heaviest falls in these areas were as follows:—1'53" at Calicut, 1'82" at Khandwa and 2'30" at Indore on the 26th; 5'23" at Calicut and 2'00" at Chanda on the 27th; 0'76" at Mangalore and 1'33" at Sambalpur on the 28th; 1'87" at Karwar and 0'67" at Kotah on the 29th; 1'06" at Cochin and 1'30" at Seoni on the 30th; 1'23" at Bombay and 2'30" at Raichur on the 1st; and 1'57" at Cochin and Mangalore on the 2nd.

Scattered showers, due to thunder and dust storms, were received during the week in Upper India, mainly on the 26th, 27th and 30th June, but generally over this area the rainfall has been local and the weather hot and sultry, while in Gujarat the week has been practically rainless.

The week's rainfall has exceeded the normal over Upper Burma, Assam, Bengal, Bihar, Orissa, the east of the Central Provinces, the Nizam's dominions and the extreme south of the Peninsula, the amount of the excess ranging from 0'10" in the Madura subdivision, 0'12" in the East Coast (South) division and 0'18" in the Burma dry division to 7'09" in the Brahmaputra Valley division. Over the whole of the remainder of the country the week's fall was less than usual, the deficiency exceeding 2" in the Burma coast division and in the Patna, Simla, Ludhiana, Jhansi, Bombay and Ahmedabad subdivisions.

Except over the Peninsula the rainfall, from the 1st of May to date, is below the average, the deficiency being large from Bihar westward to the Indus as well as over the Central India Plateau and North Bombay.

GOVERNMENT OF INDIA.

DEPARTMENT OF REVENUE AND AGRICULTURE.

Season and Crop Prospects for the week ending Saturday,
27th June 1903.

Madras.—The rainfall was good in the West Coast, parts of the Circars and light to fair elsewhere. Irrigation supplies generally are sufficient. Ploughing, sowing and transplanting continue in parts. The standing crops generally are fair. Harvests continue in some places with fair outturn. Pasture is scanty in parts. The condition of cattle is good. Prices are generally nearly stationary, but some grains have varied irregularly.

Bombay.—Good rain fell during the week in parts of the Konkan and Sholapur. The rainfall was moderate in parts of Broach, Surat, Nasik, Ahmednagar and Belgaum and very slight in parts of Ahmedabad, Kaira, Poona, Satara, Bijapur, Dharwar, Rajkot and Baroda. Early rain is needed in parts of Thar and Parkar, Gujarat, Nasik, Poona, Sholapur, Satara, Bijapur and Belgaum. Seedlings have been damaged by locusts in parts of Larkana and by insects in parts of the Upper Sindh Frontier and Bijapur. They are in good condition elsewhere. The preparation of lands for autumn cultivation is in progress in parts of Hyderabad, the Upper Sindh Frontier, Gujarat, Thana, Colaba, Nasik, Ahmednagar, Sholapur, the Carnatic, Rajkot, Wadhwan and Baroda. Sowing continues in parts of Sindh, the Panch Mahals, Surat, Thana, Ratnagiri, Ahmednagar, Poona, Sholapur, Belgaum and Dharwar and are retarded for want of rain in parts of Nasik, Satara and Bijapur. Transplantation continues in parts of Karachi, Sukkur, Larkana, Hyderabad, Ratnagiri and Kanara. The fodder-supply is sufficient except in parts of Larkana and the Upper Sindh Frontier. Agricultural stock is in good condition and sufficient except in parts of Sukkur and Sholapur. The water-supply is deficient in parts of Baroda. Prices have fallen in two districts, have risen in two districts and are stationary elsewhere.

Bengal.—The rainfall continued to be general and heavy in East and North Bengal, but lighter elsewhere. The districts of Gaya, Shahabad, Monghyr, Bhagalpur and Puri are in need of more rain. The sowing of autumn rice and jute is approaching completion. Transplantation of winter rice has commenced. Prospects are fair. Fodder and water generally are sufficient. The price of common rice has risen in ten districts, fallen in nine and is stationary in the rest.

United Provinces—Rain fell throughout the Provinces except in Garhwal where it is said to be urgently required for low-lying tracts. Three inches of rain were recorded in Gorakhpur and two in Naini Tal, Etah, Pilibhit, Kheri, Bahraich and Ballia, while twelve districts received one inch. In other districts the falls average from five cents to three-quarters of an inch. More rain is needed and in Etawah, Bara Banki and Partabgarh the sowings of autumn crops are being retarded for want of it. The irrigation and harvesting of extra crops continue. Locusts appeared in four districts and did slight damage to the sugarcane crop in Mirzapur. Supplies are adequate, but fodder is still reported to be scarce in Hamirpur. Prices continue stationary.

Punjab.—Slight rain has fallen in the Amballa district and in parts of Hissar, Ferozepore, Lahore, Sialkot, Shahpur, Rawalpindi and Mianwali. The price of wheat remains unchanged and the prices of other food-grains are fluctuating. Threshing and removing of spring crops have been finished. Sowings of autumn crops continue. Rain is urgently needed in some districts. The condition and prospects of standing crops are good. Locusts appeared in parts of Hissar and Amritsar, but did no damage. Cattle are generally in good condition. Fodder is said to be sufficient in all districts except in parts of Hissar, Shahpur and Mooltan.

North-West Frontier Province.—Slight showers fell all over the Province during the week. The prospects of the standing crops are good. Flood irrigation is favourable in Dera Ismail Khan as rivers are rising. Fodder is abundant, and the condition of cattle is good. Prices are falling.

Burma.—The rainfall was heavy in all the coast districts and in Myitkyina and moderate to slight in others, except Mandalay, Lower Chindwin, Kyaukse and Myingyan, where no rain fell. Ploughing for wet-weather paddy is in full operation everywhere and sowing has been commenced in Kyaukpyu, Tharrawady, Thongwa and Myaungmya. Reaping of dry-weather paddy in Lower Chindwin and of early wet-weather paddy in the Southern Shan States have been begun. The sowing of early sesamum has been completed in Magwe and reaping started in Kyaukse. The resowing of early paddy on river bank damaged by recent floods is in progress. The sowing of paddy has been deferred in the Wuntho subdivision of Katha for want of rain. In Thayetmyo more rain is urgently required in the riverine tract of the Sinbaungwe and Minhla townships. Rats are destroying crops on hill-sides in the Minhla and Mindon townships. Early sesamum and cotton crops are fading for lack of rain in Lower Chindwin and need rain also in Myingyan. The condition of standing crops on the whole is still good. The price of paddy has risen considerably in Upper Chindwin and very largely in Myitkyina and Shwebo. It has changed slightly in three districts, but is stationary elsewhere.

Central Provinces.—Light to moderately heavy rain has fallen during the week. The most important falls were in Seoni 4 inches 76 cents, Chhindwara 4 inches 42 cents, Chanda 6 inches, Nagpur 3 inches 62 cents and Bhandara 5 inches 12 cents. Elsewhere

the falls range between 3 inches in Balaghat and 45 cents in Raipur. The sowing operations are generally in progress. Grass-hoppers have appeared in the Khandwa tahsil of the Nimar district. Fodder and water are generally sufficient. Prices show a tendency to rise in Betul. The lowest prices in seers per rupee are :—wheat, 18½; gram, 25; rice, 15; and *juar*, 30. The highest prices are :—wheat, 10½; gram, 12; rice, 8; and *juar*, 17½. The numbers on famine relief were as follows :—Relief workers :—(Public Works Department)—Raipur—adults, 10,464; children, 1,619; total, 12,083. Road construction and repairs—Bilaspur—adults, 516. Gratuitous relief—(otherwise relieved)—Raipur—adults, 9,191; children, 2,349; total, 11,540. Bilaspur—adults, 1,107; children, 279; total, 1,386. Bhandara—adults, 997; children, 96; total, 1,093. Balaghat—adults, 348; children, 80; total, 428. Total otherwise relieved—14,447. Dependants—Raipur—adults, 16; children, 1,200; total, 1,216. Poor-houses—Raipur—adults, 37; children, 52; total, 89. Minor irrigation grants-in-aid works—Bilaspur—adults, 427; children, 41; total, 468. Total on all forms of relief, 28,819. The number of Public Works Department camps open is 13.

Assam.—Moderate to heavy rain fell in every district. More rain is wanted in the Naga Hills. Ploughing for, and sowing of, early and late rice and plucking and manufacture of tea are in progress. Early rice is being reaped in Cachar and Darrang. The planting of sugarcane is finished. Its prospects are good in the Surma Valley and fair elsewhere. The prospects of jute are good in Sylhet and Goalpara and fair in the Garo Hills and those of early rice good in Sylhet, Goalpara and the Garo Hills, poor in Kamrup and Cachar and fair in other places. The prospects of tea are good in Lakhimpur and fair elsewhere. Blight is still prevalent in Nowgong. Fodder is insufficient in parts of Sylhet. Prices—common rice—Silchar, 14; Tezpur, 13; Sylhet, Dhubri and Gauhati, 12; Nowgong, 11; and Sibsagar and Dibrugarh, 10 seers per rupee.

Mysore.—Good rain fell throughout the Province. The general prospects are good. Prices have risen slightly in five districts. Water and fodder are sufficient.

Coorg.—Rainfall—3 inches and 28 cents. The sowing of rice continues. The transplanting of *ragi* has been commenced. Prices of food-grains are stationary. Water and fodder are ample.

Berar.—Average rain during the week was 1 inch and 62 cents. The weather is warm and cloudy. The preparation of land for the monsoon crops continues. Sowings have been commenced in parts of the Province. Fodder is sufficient. Water is sufficient, except in parts of the Akola and Jalgaon taluqs. Prices are generally stationary.

Hyderabad.—The rainfall during the week was 1 inch and 4 cents. Lands are being prepared for autumn sowings, and sowings have extended to thirty-five more talukas. Lands are being prepared for rice sowings in parts, but more rain is generally required to complete sowings. Scarcity of fodder and water is still felt in parts. Prices :—Wheat, 8½; rice, 8½; and *juar*, 27½ seers per *hali* rupee.

Rajputana.—Rainfall in cents :—Bikaner, 10; Mewar, 13; Kotah, 5; Jhalawar, 53; Kishengarh, 36; Alwar, 19; Karauli, 20; Dholpur, 15; and Ajmer-Merwara, 14. The preparation of land for autumn sowings is in progress. The condition of cattle generally is good. Fodder is sufficient. The cheapest price is—Bundi, 38½ seers and the highest price is—Bikaner, 14 to 17 seers the rupee.

Central India.—Slight and insufficient rain fell in all the Agencies. Agricultural operations are in progress in Bundelkhand, Malwa, Bhopawar and Indore; but have not been commenced elsewhere. Locusts appeared in the Bhopawar Agency, but caused no damage. Agricultural stock and pasturage generally are good. Prices are steady in Gwalior and Bhopawar, normal in Bhopal, Bundelkhand, Baghelkhand and Indore and are low in Malwa.

Kashmir.—The weather is partly bright and partly stormy and rainy. Prices are stationary. **JAMMU:**—There was no rain. The condition of the standing crops is fair. Fodder generally is sufficient. Sowing of autumn crops continues. Rain is badly wanted for autumn sowings. Prices are normal. Wheat sells from 16 to 26 and maize from 20 to 36 seers the rupee.

Nepal.—Rainfall—4.46 inches. The weather is seasonable and standing crops are progressing well. Lowland rice is being transplanted. The price of rice is 7½ seers for the rupee.

The number of persons in receipt of relief during the preceding and present weeks in each Province is shown in the following table :

Customs Circular No. XIV of 1903.

Ordered, that the circular be published for general information in the Supplement to the *Gazette of India*.

E. N. BAKER,

Offg. Secretary to the Government of India.

Customs Circular No. XIV of 1903.

Government of India, Finance and Commerce Department, dated Simla, the 10th June 1903.

The Rules, published with the Notification of the Government of India in the Finance and Commerce Department, No. 4439-S. R., dated the 14th August 1902, for the identification of sugar chargeable on importation into India with an additional or special duty under sections 8-A and 8-B of the Indian Tariff Act, 1894, provide that the certificates of exporters relating to sugar shipped from a port in any country other than the United Kingdom shall be attested by the British Consular Officer at the port in such country.

2. It has now been brought to notice that sugar is shipped to India from certain ports in Java, and from Penang, Hong-Kong and Mauritius, where there is no British Consul; and the Government of India have been pleased to decide that at the ports mentioned in the statement below the signatures of the officials specified in the second column of the statement may be accepted by Collectors of Customs in lieu of the signature of a Consul, unless the Collector considers in any particular case that further enquiry should be made.

3. In the case of sugar liable to additional or special duty shipped to India from other ports at which there is no British Consul, the Collectors of Customs should exercise the discretion allowed to them under Rule 4 of the Rules referred to above.

PUBLIC DEBT.

No. 3868-A.

Calcutta, the 7th July 1903.

THREE-AND-A-HALF PER CENT. LOAN.

His Excellency the Right Honourable the Governor General in Council has resolved to borrow two hundred lakhs of rupees for the public service in the following manner:—

2. Promissory Notes will be issued for the said amount in the Form annexed to this Notification, being the form of the notes of *the Three-and-a-half Per Cent. Loan of 1900-01*, of which loan the notes to be now issued will form a part. All the conditions which apply to notes of *the Three-and-a-half Per Cent. Loan of 1900-01*, will apply to the notes to be now issued. The interest on the notes of that loan is payable half-yearly on the 30th day of June and the 31st day of December; and the notes are not liable to discharge before the 31st day of December 1920.

Tenders.

3. Tenders for the whole or any part of the said amount of Rs. 2,00,00,000 will be received by the Comptroller General from this date to noon of Wednesday, the 22nd July next. Tenders must be for sums of 100 Rupees or multiples of that sum.

4. Each tender must be addressed, in the form annexed to this Notification, to the Comptroller General, Calcutta, and enclosed in a closed cover, superscribed "*Tender for the Three-and-a-half Per Cent. Loan.*" If the tenderer is not resident in India, he must name an agent resident in India to whom an allotment-certificate may be issued, if any part of the loan is allotted to such tenderer.

NOTE (1).—Tenders made in accordance with these instructions will also be received by the Accountants General at Madras, Bombay, Allahabad, and Lahore, on account of the Comptroller General, Calcutta, on the 21st July, and up to the local time corresponding to 12 o'clock in Calcutta on the 22nd July; provided that—

- (a) they are delivered personally or by clerk or messenger at the Accountant General's Office (where a receipt will be given for them);
- (b) they are made on printed forms, to be obtained at the same office or at the local Presidency Bank;

- (c) each tender is for not less than Rs. 10,000;
- (d) the deposit is either a promissory note or a Treasury Receipt from the local Office of the Presidency Bank, or a cheque on a local Bank in favour of the Accountant General;
- (e) the amount of the tender is made payable either at the place of tender or in Calcutta; and the Accountant General will return deposits on non-accepted tenders and will issue allotment-certificates so far as the tenders are payable in Madras, Bombay, Allahabad, or Lahore.

NOTE (2)—Tenders made in accordance with these instructions will also be received at all Head and Sub-Post Offices up to a date to be notified at each Post Office. The date will vary according to the distance of the Post Office from Calcutta and will in no case be later than the forenoon of the 20th July. The following conditions must be complied with:

- (a) the tenders must be delivered personally or by messenger at the Post Office, where a receipt will be given for them;
- (b) they must be made on printed forms, to be obtained at the Post Office;
- (c) each tender must be for not less than Rs. 100 and not more than Rs. 2,000;
- (d) the deposit must be a receipt for the amount (which may not exceed Rs. 40 for each tender) from the Post Master of the Post Office at which the tender is made;
- (e) the amount of the tender must be made payable either at the Head Post Office of tender (whether the tender was made at the Head Post Office or at one of its Sub-Offices) or in Calcutta. In the case, however, of a tender made at a Post Office in Calcutta, the amount of the tender must be made payable only at the Bank of Bengal.

The tenders will be transmitted by post by the Post Master to the Comptroller General so as to reach him before 11 A.M. on Wednesday, the 22nd July. The Comptroller General will deal with them as if they had been made direct to him, returning deposits on non-accepted tenders through the Post Master.

5. The rate at which each tender is made must be specified in rupees and annas: a tender in which no rate is thus specified, but a subscription is offered in some other terms—as, for example, at the recorded minimum, or at some specified percentage in addition to the recorded minimum, or at the average of the accepted tenders—will be rejected as null and void.

6. The rate at which a tender is made must not contain a fraction of an anna: if a rate containing a fraction of an anna is inserted in any tender, such fraction will be struck out and the tender treated as if the rate did not contain such fraction of an anna.

Deposits.

7. Each tender must be accompanied by a deposit of not less than one-hundredth or, if the tender be for less than Five Lakhs of Rupees, then for not less than one-fiftieth part of the tender. The deposit must be in one of the following forms: (a) a receipt for the amount from the Head Office of the Bank of Bengal, or Madras, or Bombay, or one of their Branches, or from an officer in charge of some Public Treasury, or (b) a cheque drawn in favour of the Comptroller General on a Bank in Calcutta, Madras, Bombay, Allahabad, or Lahore, or (c) Government Promissory Notes¹ standing in the name of, or endorsed to, the tenderer or the person making the deposit. In the case of tenders made at Post Offices under note (2) to clause 4, the deposit must be a receipt for the amount from the Post Master of the Post Office at which the tender is made.

¹ It is particularly requested that such Promissory Notes may NOT be endorsed to the Comptroller General.

8. (a) Deposits, not being promissory notes, will, in the case of accepted tenders, be credited proportionately in part payment of the allotment-certificates issued in respect of the tender, and will bear interest for the purpose of clause 16 below from the date of the opening of tenders. When a tender is not accepted in full, the deposits, when they are not in the form of promissory notes, will be credited as far as possible proportionately in part payment of the allotment-certificates issued in respect of it. If any allotment-certificate is not fully taken up, the deposit credited in respect of it will be forfeited.

(b) Promissory notes deposited in respect of any accepted tender will be held until all the allotment-certificates issued in respect of the tender are paid up and will, if the allotment-certificates are not fully taken up, be appropriated by the Government and cancelled.

Opening of Tenders.

9. The Governor General in Council reserves the right to declare, on or before the 15th July, the minimum rate at which tenders will be accepted. If not

declared, the said minimum rate will be recorded under the signature of the Comptroller General, and, before the tenders are opened, placed upon the table in a sealed envelope, but will not be declared unless some tender is rejected because it is below the recorded minimum.

10. Tenders will be opened publicly by the Comptroller General at the Public Treasury Buildings, Calcutta, at noon (Calcutta time), on Wednesday, the 22nd July next, and those received under the terms of note (1) to clause 4 will be similarly opened by the Accountants General at Madras, Bombay, Allahabad, and Lahore at the local time corresponding to noon Calcutta time, on the same day; but the contents of the tenders will not be disclosed otherwise than as provided in clause 12.

11. Tenders at rates not below the minimum rate will be accepted in the order of the rates tendered, beginning with the highest rate. The amount allotted at the lowest rate at which tenders are accepted will be divided amongst those who have tendered at this rate in proportion, as nearly as may be found convenient, to the amounts of their tenders; provided that no allotment will be made if the amount distributable on any tender is less than Rs. 100; preference will however be given to small tenders, not exceeding Rs. 2,000, at the lowest accepted rate, such tenders receiving allotments in full as far as possible.

Allotment-Certificates.

12. To each tenderer (or to his agent) whose tender is accepted in whole or in part, such number of allotment-certificates as may be necessary to make up the aggregate amount allotted to him will be issued by the Comptroller General as soon as possible after the 22nd July and an alphabetical list of the names of those to whom such allotment-certificates are issued will be posted for general information at the Head Offices of the Banks of Bengal, Madras, Bombay, and at the Branch Offices of the Bank of Bengal at Allahabad and Lahore.

¹ For tenders received by the Accountant General at Madras, Bombay, Allahabad, or Lahore, and payable at those places, the Accountant General will issue the allotment-certificates.

13. If the allotment made on any tender is less than Rs. 3,000, then the whole of the allotment-certificates [after credit of the deposit under clause 8 (a)] will be made payable upon the 3rd September.

Otherwise the whole amount of each allotment will be divided into three instalments as follows:

Instalment I.—As near as convenient to 35 per cent., but not exceeding 35 per cent., payable upon the 4th August:

Instalment II.—As near as convenient to 35 per cent., but not exceeding 35 per cent., payable upon the 3rd September:

Instalment III.—The balance payable upon the 23rd September: allotment-certificates will be issued for each instalment separately.

But the whole or any part of any accepted tender may be paid at any time on receipt of the allotment-certificates.

The words "as near as convenient" refer to the necessity for making each instalment an exact multiple of Rs. 100.

14. Any allotment-certificates will, on application to the Comptroller General, be exchanged for an equivalent amount of allotment-certificates of other denominations; provided that if any payment (beyond the deposit) is ordered upon the cancelled certificate, it can be taken against, and recorded on, only one of the certificates issued in exchange.

15. Payment of any allotment-certificate may be made to the account of the Government in the Head Office of the Bank of Bengal, or Madras, or Bombay, or any Branch of these Banks, or into any Public Treasury or Treasuries in which may be named in the tender in respect of which it was issued. Receipts for such payments will be given by the Banks of Bengal, Madras, and Bombay, or their Branches, or by the officers in charge of the Government

Treasuries at which payment is made, by encasement upon the relative certificate. In the case of accepted tenders which were made at Post Offices other than Post Offices in Calcutta under note (2) to clause 4, payment of allotment-certificates may also be made at the Head Post Office of tender, and the Head Post Master will give a receipt for such payment by encasement upon the relative allotment-certificate.

Issue of Promissory Notes.

16. (a) When any allotment-certificate is fully paid up, the holder will, on presenting it duly receipted at the place where it was paid, obtain from the Public Debt Office, Calcutta, promissory notes of such values as he may desire (each note being in even hundreds and not less than Rs. 100) bearing interest from 31st December 1903, and he will also receive interest at $3\frac{1}{2}$ per cent. per annum from the dates on which he may have made payment till the 30th December 1903.

(b) Or he may, at his option, by paying interest at the said rate from 30th June 1903 to the dates on which he may have made payment, obtain promissory notes as above, bearing interest from 30th June 1903.

FORM OF PROMISSORY NOTE (see Clause 2).

NOTIFICATION BY THE COMPTROLLER GENERAL.

The Comptroller General requests the attention of tenderers to the following arrangements:

Filling up tenders.

(1) They are requested to use only the printed forms of tender, which will be available at his Office and at the Currency Office on application to the Darwan on duty, at all the Provincial Account Offices, and at the Banks of Bengal, Madras, and Bombay, and will also be supplied to the Principal Treasuries, and to Head and Sub-Post Offices in India.

(2) If the deposit is in the form of Promissory Notes or of Currency Notes, their number should be quoted in detail in the tender.

Presentation of tenders.

(3) For all tenders presented to him in his office upon the last fixed day, or the two days preceding it, he will give the bearer a receipt bearing a number and initialled by himself or an assistant specially deputed for the purpose. The Accountants General at Madras, Bombay, Allahabad, and Lahore will do likewise in respect of tenders presented to them under note (1) to clause 4 of the Government Notification.

Return of Deposit in case of Non-acceptance.

(4) The reverse of this receipt is a form in which, in the event of the tender not being accepted, the tenderer may give to the Comptroller General or Accountant General a receipt for the deposit accompanying it. This form should, on the third day after the opening of the tenders, be filled up, signed with the same signature as the tender, and be presented at the Office of the Comptroller General or Accountant General. The deposit will then be returned to the bearer in exchange for the receipt.

(5) Deposits upon tenders presented personally, as described in No. (3) above, will be returned only in this way, and will not be sent by post or otherwise. Deposits upon other unsuccessful tenders will be returned by post or by the hands of a clerk.

Tenders made at Post Offices.

(6) Tenders made at Post Offices under note (2) to clause 4 of the Government Notification will be acknowledged by the Post Master or Sub-Post Master concerned in prescribed forms of receipt, and in case of non-acceptance of the tenders, the deposits will be returned to the tenderer or his agent personally on the surrender of the receipt given for the deposit.

Accepted Tenders.

(7) The Comptroller General and the Accountant General at Madras, Bombay, Allahabad, or Lahore (in the case of tenders received by such Accountant General and payable in

Madras, Bombay, Allahabad, or Lahore), will issue allotment-certificates to successful tenderers. These certificates will be for the following amounts:—Rs. 100, Rs. 300, Rs. 500, Rs. 1,000, Rs. 2,000, Rs. 5,000, Rs. 10,000, Rs. 20,000, Rs. 50,000, Rs. 1,00,000, making up the full value accepted; and the deposit on the tender will be divided among them; they will be substantially of the following form:

This is to certify that, in accordance with the terms of Notification No. 3868-A, dated the 7th July 1903 (Gazette of India, Extraordinary, dated the 7th July 1903), the above named tenderer has engaged to take up Rs. 2,000 of the 3½ Per Cent. Loan of 1900-01 at the rate above mentioned on or before ; and that on the said payment being completed, he is entitled on endorsing and delivering up this certificate to receive a promissory note or notes of the Government of India for Rs. 2,000 bearing interest from

O. T. BARROW,

Offg. Comptroller and Auditor General.

No. 3868-A.

Simla, the 7th July, 1903.

THREE-AND-A-HALF PER CENT. LOAN.

His Excellency the Right Honourable the Governor General in Council has resolved to borrow two hundred lakhs of rupees for the public service in the following manner:

2. Promissory Notes will be issued for the said amount in the Form annexed to this Notification, being the form of the notes of *the Three-and-a-half Per Cent. Loan of 1900-01*, of which loan the notes to be now issued will form a part. All the conditions which apply to notes of *the Three-and-a-half Per Cent. Loan of 1900-01*, will apply to the notes to be now issued. The interest on the notes of that loan is payable half-yearly on the 30th day of June and the 31st day of December; and the notes are not liable to discharge before the 31st day of December 1920.

Tenders.

3. Tenders for the whole or any part of the said amount of Rs. 2,00,00,000 will be received by the Comptroller General from this date to noon of Wednesday, the 22nd July next. Tenders must be for sums of 100 Rupees or multiples of that sum.

4. Each tender must be addressed, in the form annexed to this Notification, to the Comptroller General, Calcutta, and enclosed in a closed cover, superscribed "*Tender for the Three-and-a-half Per Cent. Loan.*" If the tenderer is not resident in India, he must name an agent resident in India to whom an allotment-certificate may be issued, if any part of the loan is allotted to such tenderer.

NOTE (1).—Tenders made in accordance with these instructions will also be received by the Accountants General at Madras, Bombay, Allahabad, and Lahore, on account of the Comptroller General, Calcutta, on the 21st July and up to the local time corresponding to 12 o'clock in Calcutta on the 22nd July; provided that—

- (a) they are delivered personally or by clerk or messenger at the Accountant General's Office (where a receipt will be given for them);
 - (b) they are made on printed forms, to be obtained at the same office or at the local Presidency Bank;
 - (c) each tender is for not less than Rs. 10,000;
 - (d) the deposit is either a promissory note or a Treasury Receipt from the local Office of the Presidency Bank, or a cheque on a local Bank in favour of the Accountant General;
 - (e) the amount of the tender is made payable either at the place of tender or in Calcutta;
- and the Accountant General will return deposits on non-accepted tenders and will issue allotment-certificates so far as the tenders are payable in Madras, Bombay, Allahabad, or Lahore.

NOTE (2).—Tenders made in accordance with these instructions will also be received at all Head and Sub-Post Offices up to a date to be notified at each Post Office. The date will vary according to the distance.

of the Post Office from Calcutta and will in no case be later than the forenoon of the 20th July. The following conditions must be complied with:

- (a) the tenders must be delivered personally or by messenger at the Post Office, where a receipt will be given for them;
- (b) they must be made on printed forms, to be obtained at the Post Office;
- (c) each tender must be for not less than Rs. 100 and not more than Rs. 2,000;
- (d) the deposit must be a receipt for the amount (which may not exceed Rs. 40 for each tender) from the Post Master of the Post Office at which the tender is made;
- (e) the amount of the tender must be made payable either at the Head Post Office of tender (whether the tender was made at the Head Post Office or at one of its Sub-Offices) or in Calcutta. In the case, however, of a tender made at a Post Office in Calcutta, the amount of the tender must be made payable only at the Bank of Bengal.

The tenders will be transmitted by post by the Post Master to the Comptroller General so as to reach him before 11 A.M. on Wednesday, the 22nd July. The Comptroller General will deal with them as if they had been made direct to him, returning deposits on non-accepted tenders through the Post Master.

5. The rate at which each tender is made must be specified in rupees or rupees and annas: a tender in which no rate is thus specified, but a subscription is offered in some other terms—as, for example, at the recorded minimum, or at some specified percentage in addition to the recorded minimum, or at the average of the accepted tenders—will be rejected as null and void.

6. The rate at which a tender is made must not contain a fraction of an anna: if a rate containing a fraction of an anna is inserted in any tender, such fraction will be struck out and the tender treated as if the rate did not contain such fraction of an anna.

Deposits.

7. Each tender must be accompanied by a deposit of not less than one-hundredth or, if the tender be for less than Five Lakhs of Rupees, then for not less than one-fiftieth part of the tender. The deposit must be in one of the following forms: (a) a receipt for the amount from the Head Office of the Bank of Bengal, or Madras, or Bombay, or one of their Branches, or from an officer in charge of some Public Treasury, or (b) a cheque drawn in favour of the Comptroller General on a Bank in Calcutta, Madras, Bombay, Allahabad, or Lahore, or (c) Government Promissory Notes¹ standing in the name of, or endorsed to, the tenderer or the person making the deposit. In the case of tenders made at Post Offices under note (2) to clause 4, the deposit must be a receipt for the amount from the Post Master of the Post Office at which the tender is made.

¹ It is particularly requested that such Promissory Notes may NOT be endorsed to the Comptroller General.

8. (a) Deposits, not being promissory notes, will, in the case of accepted tenders, be credited proportionately in part payment of the allotment-certificates issued in respect of the tender, and will bear interest for the purpose of clause 16 below from the date of the opening of tenders. When a tender is not accepted in full, the deposits, when they are not in the form of promissory notes, will be credited as far as possible proportionately in part payment of the allotment-certificates issued in respect of it. If any allotment-certificate is not fully taken up, the deposit credited in respect of it will be forfeited.

(b) Promissory notes deposited in respect of any accepted tender will be held until all the allotment-certificates issued in respect of the tender are paid up and will, if the allotment-certificates are not fully taken up, be appropriated by the Government and cancelled.

Opening of Tenders.

9. The Governor General in Council reserves the right to declare, on or before the 15th July, the minimum rate at which tenders will be accepted. If not so declared, the said minimum rate will be recorded under the signature of the Comptroller General, and, before the tenders are opened, placed upon the table in a sealed envelope, but will not be declared unless some tender is rejected only because it is below the recorded minimum.

10. Tenders will be opened publicly by the Comptroller General at the Treasury Buildings, Calcutta, at noon (Calcutta time), on Wednesday, the 22nd July next, and those received under the terms of note (1) to clause 4 will be similarly opened by the Accountants General at Madras, Bombay, Allahabad, and Lahore at the local time corresponding to noon Calcutta time, on the same day; but the contents of the tenders will not be disclosed otherwise than as provided in clause 12.

11. Tenders at rates not below the minimum rate will be accepted in the order of the rates tendered, beginning with the highest rate. The amount allotted at the lowest rate at which tenders are accepted will be divided amongst those who have tendered at this rate in proportion, as nearly as may be found convenient, to the amounts of their tenders; provided that no allotment will be issued if the amount distributable on any tender is less than Rs. 100: preference will however be given to small tenders, not exceeding Rs. 2,000, at the lowest accepted rate, such tenders receiving allotments in full as far as possible.

Allotment-Certificates.

12. To each tenderer (or to his agent) whose tender is accepted in whole or in part, such number of allotment-certificates as may be necessary to make up the aggregate amount allotted to him will be issued by the Comptroller General¹ as soon as possible after the 22nd July and an alphabetical list of the names of those to whom such allotment-certificates are issued will be posted for general information at the Head Offices of the Banks of Bengal, Madras, and Bombay, and at the Branch Offices of the Bank of Bengal at Allahabad and Lahore.

¹ For tenders received by the Accountant General at Madras, Bombay, Allahabad, or Lahore, and payable at those places, the Accountant General will issue the allotment-certificates.

13. If the allotment made on any tender is less than Rs. 3,000, then the whole of the allotment-certificates [after credit of the deposit under clause 8 (a)] will be made payable upon the 3rd September.

Otherwise the whole amount of each allotment will be divided into three instalments as follows:

Instalment I.—As near as convenient to 35 per cent., but not exceeding 35 per cent., payable upon the 4th August:

Instalment II.—As near as convenient to 35 per cent., but not exceeding 35 per cent., payable upon the 3rd September:

Instalment III.—The balance payable upon the 23rd September: and allotment-certificates will be issued for each instalment separately.

But the whole or any part of any accepted tender may be paid at any time after receipt of the allotment-certificates.

The words "as near as convenient" refer to the necessity for making each instalment an exact multiple of Rs. 100.

14. Any allotment-certificates will, on application to the Comptroller General, be exchanged for an equivalent amount of allotment-certificates of smaller denominations; provided that if any payment (beyond the deposit) is recorded upon the cancelled certificate, it can be taken against, and recorded upon, only one of the certificates issued in exchange.

15. Payment of any allotment-certificate may be made to the account of the Government in the Head Office of the Bank of Bengal or Madras or Bombay, or in any Branch of these Banks, or into any Public Treasury or Treasuries in India which may be named in the tender in respect of which it was issued. Receipts for such payments will be given by the Banks of Bengal, Madras and Bombay, or their Branches, or by the officers in charge of the Government Treasuries at which payment is made, by encasement upon the relative certificate. In the case of accepted tenders which were made at Post Offices other than Post Offices in Calcutta under note (2) to clause 4, payment of allotment-certificates may also be made at the Head Post Office of tender, and the Head Post Master will give a receipt for such payment by encasement upon the relative allotment-certificate.

Issue of Promissory Notes.

16. (a) When any allotment-certificate is fully paid up, the holder will, on presenting it duly receipted at the place where it was paid, obtain from the Public Debt Office, Calcutta, promissory notes of such values as he may desire (each note being in even hundreds and not less than Rs. 100) bearing interest from 31st December 1903, and he will also receive interest at $3\frac{1}{4}$ per cent. per annum from the dates on which he may have made payment till the 30th December 1903.

THE GAZETTE OF INDIA, EXTRAORDINARY, JULY 7, 1903.

(b) Or he may, at his option, by paying interest at the said rate from 30th June 1903 to the dates on which he may have made payment, obtain promissory notes as above, bearing interest from 30th June 1903.

FORM OF PROMISSORY NOTE (see Clause 2).

NOTE.—(1) *A separate tender must be made at each rate tendered. The rate tendered should be the whole amount per centum, not the premium or discount: thus "One hundred and two" or "One hundred" or "Ninety-nine"; not "Two per cent. premium" or "Par" or "One per cent. discount."*

By order of the Governor General in Council,

E. N. BAKER,

Offg. Secretary to the Government of India.

NOTIFICATION BY THE COMPTROLLER GENERAL.

The Comptroller General requests the attention of tenderers to the following arrangements :

Filling up tenders.

(1) They are requested to use only the printed forms of tender, which will be available at his Office and at the Currency Office on application to the Darwan on duty, at all the Provincial Account Offices, and at the Banks of Bengal, Madras, and Bombay, and will also be supplied to the Principal Treasuries, and to Head and Sub-Post Offices in India.

(2) If the deposit is in the form of Promissory Notes or of Currency Notes, their number should be quoted in detail in the tender.

Presentation of tenders.

(3) For all tenders presented to him in his office upon the last fixed day, or the two days preceding it, he will give the bearer a receipt bearing a number and initialled by himself or an assistant specially deputed for the purpose. The Accountants General at Madras, Bombay, Allahabad, and Lahore will do likewise in respect of tenders presented to them under note (1) to clause 4 of the Government Notification.

Return of Deposit in case of Non-acceptance.

(4) The reverse of this receipt is a form in which, in the event of the tender not being accepted, the tenderer may give to the Comptroller General or Accountant General a receipt for the deposit accompanying it. This form should, on the third day after the opening of the tenders, be filled up, signed with the same signature as the tender, and be presented at the Office of the Comptroller General or Accountant General. The deposit will then be returned to the bearer in exchange for the receipt.

(5) Deposits upon tenders presented personally, as described in No. (3) above, will be returned only in this way, and will not be sent by post or otherwise. Deposits upon other unsuccessful tenders will be returned by post or by the hands of a clerk.

Tenders made at Post Offices.

(6) Tenders made at Post Offices under note (2) to clause 4 of the Government Notification will be acknowledged by the Post Master or Sub-Post Master concerned in prescribed forms of receipt, and in case of non-acceptance of the tenders, the deposits will be returned to the tenderer or his agent personally on the surrender of the receipt given for the deposit.

Accepted Tenders.

(7) The Comptroller General and the Accountant General at Madras, Bombay, Allahabad, or Lahore (in the case of tenders received by such Accountant General and payable in Madras, Bombay, Allahabad, or Lahore), will issue allotment-certificates to successful tenderers. These certificates will be for the following amounts :—Rs. 100, Rs. 300, Rs. 500, Rs. 1,000, Rs. 2,000, Rs. 5,000, Rs. 10,000, Rs. 20,000, Rs. 50,000, Rs. 1,00,000, making up the full value accepted; and the deposit on the tender will be divided among them; they will be substantially of the following form :

This is to certify that, in accordance with the terms of Notification No. 3868-A., dated the 7th July 1903 (Gazette of India, Extraordinary, dated the 7th July 1903), the above named tenderer has engaged to take up Rs. 2,000 of the 3½ Per Cent. Loan of 1900-01 at the rate above mentioned on or before ; and that on the said payment being completed, he is entitled on endorsing and delivering up this certificate to receive a promissory note or notes of the Government of India for Rs. 2,000 bearing interest from

CALCUTTA;
The 7th July 1903.

DEPARTMENT OF REVENUE AND AGRICULTURE.

**Rainfall summary for the seven days ending at 8 a.m. on Thursday,
the 9th July 1903, based on the India Daily Weather Reports
of the period.**

The week under review has been one of feeble monsoon conditions and restricted rainfall.

Judging from the strength of the winds at the coast stations and from the report of the weather experienced by the S.S. *Rewa* which left Colombo on the 26th June and reached Calcutta on the 2nd July the monsoon current is at present weak over the Bay. The rainfall over the north-east of the Indian area has consequently been generally light. During the week under review daily showers were received over the Burma coast division and occasional showers over inland Burma, but the falls were not heavy, except locally at Akyab on the Arakan coast, where the week's rainfall amounted to 12'00". In Assam and east and north Bengal daily showers were also obtained, but in other parts of north-east India rain was light and scattered and Bihar was practically rainless. In the Assam Hills the rainfall was heavy, more particularly towards the close of the week when the following heavy falls in twenty-four hours were reported :

| | | | | Up to 8 A.M. 8th. | Up to 8 A.M. 9th. |
|----------------|-----|-----|-----|-------------------|-------------------|
| Shillong | ... | ... | ... | 5'90" | 3'90" |
| Cherra Poonjee | ... | ... | ... | 11'36" | 24'20" |

The Bombay or Arabian Sea monsoon current has been equally light. The *Safari* from Delagoa Bay only carried a strong monsoon with her as far as the middle of the Arabian Sea and during the last six hundred miles of her voyage experienced light or variable winds. The west coast stations received, however, daily moderate to heavy rain during the week, the principal falls in twenty-four hours having been—

| | | | Up to 8 A.M. 3rd. | Up to 8 A.M. 9th. |
|-----------|-----|-----|-------------------|-------------------|
| Mangalore | ... | ... | 2'00" | 5'86" |
| Karwar | ... | ... | 4'62" | 4'00" |
| Goa | ... | ... | 4'32" | 3'09" |
| Mormugao | ... | ... | 3'88" | 3'32" |

Rain extended fairly well into the Deccan and the West Satpuras where occasional moderate amounts were received during the week, but over the East Satpuras, the Central India Plateau, the Gangetic Plain, the Sub-Himalayas and the north-west dry area only a few light scattered showers were received and hot weather conditions prevailed throughout.

It will be noticed that on both sides of India the rainfall in exposed situations became heavier at the close of the week. At the same time the barometer fell quickly over northern India, and conditions once again became more favourable for the extension of monsoon winds and rainfall throughout the country.

The week's rainfall has exceeded the normal in east Bengal, the Brahmaputra Valley, and the Deccan and has been about normal over Madras and the west coast. In all other parts of the country the rainfall has been short of the average, the deficiency amounting to 4" in the Dinajpur subdivision, to 3½" in the Bahraich subdivision, to over 3" in the Simla, Raipur and Jubbulpore subdivisions and to over 2" in the Burma coast division and the Darbhanga, Burdwan, Patna, Ludhiana, Cawnpore, Ranchi, Jhansi and Ahmedabad subdivisions.

The seasonal rainfall, *i.e.*, the rain from May 1st to date, is about normal over Burma and north-east India and exceeds the normal over the greater part of the Peninsula, but is more or less deficient elsewhere. The deficiency is greatest in the following subdivisions, *viz.*, Patna (—79%); Simla (—64%); Ludhiana (—78%); Cawnpore (—82%); Lahore (—86%); Jhansi (—79%); Jaipur (—75%); Ahmedabad (—87%); and Rajkot (—85%).

Season and Crop Prospects for the week ending Saturday
4th July 1903.

Madras.—The rainfall was fair in the West Coast, the Hills, parts of the Circars and the Deccan and light to fair elsewhere. Irrigation supplies generally are sufficient. Ploughing, sowing and transplanting continue generally. The standing crops generally fair. Harvests continue in some places with fair outturn. Pasture is scanty in parts. The condition of cattle is good. Prices are almost stationary.

Bombay.—Good rain fell during the week in parts of Surat, the Konkan, Khandesh, Nasik, Ahmednagar, Sholapur and Bijapur. The rainfall was moderate in parts of Ahmedabad, Broach and Poona, slight in parts of Satara, Belgaum and Dharwar and very slight in parts of Karachi, Hyderabad, Panch Mahals, Kaira, Rajkot, Wadhwan and Baroda. More rain is urgently needed in parts of Thar and Parkar, Gujarat, the Carnatic, the Deccan and Baroda. Seedlings have been damaged by locusts in parts of Larkana and Thana and insects in parts of Hyderabad and Bijapur. They are suffering from insufficient moisture in parts of the Panch Mahals and are generally in good condition elsewhere. The preparation of lands for autumn cultivation continues in parts of Hyderabad, Gujarat, Nasik, Rajkot and Wadhwan. Sowing has been completed in Thana, commenced in parts of Ahmedabad, Broach, Khandesh and Baroda and is in progress in parts of Sindh, Surat, the Deccan, Ratnagiri and the Carnatic, but has been retarded for want of moisture in parts of Poona, Satara and the Carnatic. Transplantations have commenced in parts of Colaba, are progressing in parts of Sukkur, Larkana, Hyderabad, the Upper Sindh Frontier, Thana, Ratnagiri and Kanara, but are being retarded for want of rain in parts of Thana and Poona. The fodder-supply is sufficient except in parts of Larkana and the Upper Sindh Frontier. Agricultural stock is in good condition and sufficient except in parts of Sholapur and Bijapur. The water-supply is deficient in parts of Bijapur and Baroda. Prices have fallen in three districts, have risen in five and are stationary elsewhere.

Bengal.—The rainfall continued to be general and was heavy in parts of East and North Bengal, but lighter elsewhere. The districts of Bankura, Midnapore, Murshidabad, Rajshahi, Patna, Gaya, Shahabad, Muzaffarpur, Monghyr, Balasore, Angul, Puri, Ranchi, Palamau and Singhbhum are in need of more rain. Transplantation of winter rice is in progress. Early rice and jute are doing well. The outturn of jute is estimated at 85 per cent. of a normal crop, provided that conditions for the remainder of the season are normal. Flights of locusts passed over a portion of Behar and Chota Nagpur, but no serious damage is reported. Fodder and water generally are sufficient. The price of common rice has risen in nine districts, has fallen in nine and is stationary in the rest.

United Provinces.—Light and scattered showers of rain are reported from thirty-two districts, Gorakhpur alone receiving 1 inch. More rain is urgently needed throughout the Provinces and in seventeen districts the sowings of autumn crops are being retarded for want of it. Supplies are ample, but fodder is reported to be scarce in Rae Bareilly, Jaunpur, Hamirpur and Banda. Prices are rising.

Punjab.—Good rain has fallen in parts of Shahpur and Mooltan. Slight falls are reported from Hissar, Ferozepore, Rawalpindi and parts of the Delhi, Umballa, Lahore, and Amritsar districts. The price of wheat is rising slightly in Hissar, Delhi, Umballa, Jullundur, Amritsar and Rawalpindi, but falling in Shahpur. The prices of other food-grains are fluctuating. Harvesting of extra spring crops has commenced in Hissar. Sowings of autumn crops continue. Rain is urgently wanted in some districts. The condition and prospects of standing crops are good. The outturn of extra spring crops is good in Amritsar. The cotton crop has been slightly damaged by locusts in Hissar. Locusts also appeared in parts of Mooltan, but did no damage. Cattle are generally in good condition. Fodder is said to be sufficient in all districts except in parts of Hissar, Shahpur and Mooltan.

North-West Frontier Province.—Rain fell throughout the Province during the week except in Peshawar and Kohat. The extra spring and autumn crops promise well, but more rain is required. Flood irrigation is favourable in Dera Ismail Khan. The rivers are rising. Fodder is abundant. The condition of cattle is good. Prices are steady in Peshawar, but are falling in Dera Ismail Khan, Peshawar, Kohat and Hazara.

Burma.—The rainfall generally is seasonable and fairly well distributed. The fall was heavy in Akyab and Pegu. Ploughing for wet-weather paddy is in full operation and sowing is extending. Transplanting has commenced in a part of Shwebo. The reaping of early wet-weather paddy is in progress in Mandalay and Sagaing and of dry-weather paddy still continues in Magwe and Lower Chindwin. Sowing of cotton and early sesamum has been completed in Myingyan. Considerable damage has been done to early paddy in Mandalay by flooding of the Shwetachaung tract. Young crops have been slightly damaged by insects in the Wuntho subdivision of Katha. Rain is badly wanted in Sagaing where crop prospects are poor and also needed in the Shabeitkin subdivision of the Ruby Mines. Standing sesamum and cotton crops in the Salingyi and Pale townships of Lower Chindwin and sesamum in the Yindaw township of Yamethin are withering for want of rain. Prospects on the whole are fair. The price of paddy has fallen very largely in Shwebo. It has slightly changed in five districts, but is stationary elsewhere.

Central Provinces.—The weather generally has been warm and cloudy. Light to moderate showers have fallen during the week but the rainfall up to date is abnormally deficient throughout the Provinces, particularly in Saugor, Mandla and Hoshangabad. More rain is wanted everywhere for autumn sowings which have been retarded in places. Fodder and water are generally sufficient. Grass-hoppers still exist in the Khandwa tahsil of the Nimar district. Prices have risen in Damoh, Jubbulpore, Mandla and Bilaspur and have fallen in Bitul and Bhandara. The lowest prices in seers per rupee are:—wheat, 18½; gram, 24; rice, 15; and *juar*, 30. The highest prices are:—wheat, 10½; gram, 12; rice, 8; and *juar*, 17½. The numbers on famine relief were as follows:—Relief workers:—Public Works Department—(Raipur)—adults, 8,521; children, 1,344; total, 9,865. Road construction and repairs—(Bilaspur)—adults, 572. Gratuitous relief—otherwise relieved—(Raipur)—adults, 8,869; children, 2,153; total, 11,022. Bilaspur—adults, 1,076; children, 274; total, 1,350. Bhandara—adults, 1,001; children, 97; total, 1,098. Balaghat—adults, 351; children 81; total, 432. Total otherwise relieved—13,902. Dependants—Raipur—adults, 16; children, 1,051; total, 1,077. Poor-houses—Raipur—adults, 31; children, 39; total, 70. Minor irrigation grants-in-aid works—Bilaspur—adults, 330; children, 20; total, 350. Total on all forms of relief, 25,836. The number of Public Works Department camps open is 13.

Assam.—Slight to moderate rain fell in every district. More rain is wanted in the Naga Hills and Manipur. Ploughing for, and sowing of, early and late rice and plucking and manufacture of tea are in progress. Transplanting of late rice and cutting of jute have been commenced in places. Early rice is being reaped in Sylhet, Goalpara, Kamrup and Darrang. The outturn of tea is short in Cachar owing to excessive rain, good in Lakhimpur and fair elsewhere. Blight is prevailing in Darrang and Nowgong. The prospects of sugarcane are good in Cachar and fair elsewhere. The prospects of early rice are good in Sylhet, Goalpara and the Garo Hills, poor in Kamrup and Manipur and fair in other places. Some damage has been caused by frogs on low lands in Goalpara and Kamrup. Jute has been damaged by floods in parts of Goalpara. Elsewhere prospects are fair to good. Fodder is insufficient in parts of Sylhet and Kamrup. Prices—of common rice—Silchar, 14; Tezpur, 13; Sylhet, Dhubri and Gauhati, 12; Nowgong and Sibsagar, 11; and Dibrugarh, 10 seers per rupee.

Mysore.—Seventeen cents of rain fell in the Civil and Military station. The rainfall was good generally throughout the Province, but more is wanted in Shimoga and in parts of Tumkur. General prospects are fair. Prices have risen slightly in three districts. Cattle are healthy except in parts of Hassan. Water and fodder are sufficient.

Coorg.—Rainfall—88 cents. The sowing of rice and transplanting of *ragi* have been completed. Prices of food-grains are stationary. Water and fodder are ample.

Berar.—The average rain during the week was 1 inch and 78 cents. The weather is warm and cloudy. Cotton has germinated in parts of the Basim and Ellichpur districts. The preparation of land continues in all districts except Amraoti. Sowings are in progress. Fodder is sufficient. Water is sufficient except in parts of the Jalgaon taluq. Prices are stationary.

Hyderabad.—Rainfall 1 inch and 93 cents. Autumn crops are being sown generally, except in few talukas, where more rain is awaited. Early rice sowings have been commenced in a few talukas. Lands are being extensively prepared for further sowings. The week's rainfall has given a fair supply of water to several tanks. Prices:—Wheat, 9½; rice, 8½; and *juar*, 27½ seers per *halli* rupee.

Rajputana.—Rainfall in cents:—Bikaner, 29; Mewar, 10; Abu, 9; Marwar, 30; Kotah 82; Jhalawar, 220; Jaipur, 37; Kishengarh, 76; Alwar, 60; Bharatpur, 102; Karauli, 112; Dholpur, 228; and Ajmer-Merwara, 84. The preparation of land for autumn crops is in progress. Sowing has been commenced in parts. The condition of cattle generally is good. Fodder is sufficient. The cheapest price is—Jhalawar, 33½ seers and the highest price is—Sirohi, 14 seers the rupee.

Central India.—The rainfall was general but light in Bhopal, Baghelkhand, Malwa and Bhopawar and partial elsewhere. It was sufficient in Bhopal, Malwa and parts of Gwalior and insufficient elsewhere. Agricultural operations are in progress in Bundelkhand, Malwa, Bhopawar and Indore and have been started in Gwalior and Bhopal. Locusts are causing damage to trees in Bhopawar. Agricultural stock and pasturage are generally good. Prices are steady in Gwalior and parts of Bhopawar, normal in Bhopal, Bundelkhand, Baghelkhand and Indore, low in Malwa and are falling in Dhar.

Kashmir.—The weather is bright and warm. Prices are a little higher than usual. **JAMMU:**—The rainfall was slight. The condition of the standing crops is fair. Fodder is generally sufficient, but the outlook seems gloomy. Land is being prepared for autumn sowings. Rain is badly wanted. Prices are fluctuating. Wheat sells from 16½ to 20 and maize from 20 to 32 seers the rupee.

Nepal.—Rainfall—0·68 inch. The weather is bright and hot. Transplanting of paddy in lowlands is retarded for want of rain. Upland crops are doing well. The price of rice is 7½ seers for the rupee.

The number of persons in receipt of relief during the preceding and present weeks in each Province is shown in the following table:
